Consumido sometí na ladronicia y abuso di comerciantenan

Ya caba e nivel di pobreza ta hopi halto y alarmante sin cu tin algo na horizonte cu ta muestra cu pronto lo bin un alivio, ya cu tur dia consumidonan ta wordo confronta cu un of otro negoshi, ta abusando di nan bonda y hasta ta comete ladronicia den un forma legal.

Ya caba inflacion a dal hopi hende y famia formalmente den ultimo tres año pero e consumo ta esun cu tin cu carga e aumento continuo di prijs riba comestibel di tur dia.

Placa no ta yega, pa mucho cos caminda awendia tin muchanan hunto cu nan mayornan, cu tin menos di come, menos cuminsa pa comparti ya cu simplemente placa no ta yega pa cubri cuminda pa henter luna.

Riba dje, e mesun pueblo aki, tin cu enfrenta accionnan di abuso cometi pa comerciantenan cu ta sigui tuma placa di clientenan, sin cu e consumo ta haya su balor bek na loke el a compra. AWEMainta ta muestra riba un solo situacion cu ta sosode c'un comerciante cu ta bende sandwich y pastechi tur mainta y merdia, pa colmo den cercanía di un scol, caminda hopi mucha ta compra pastechi y algo di bebe na e luga aki.

Riba combinacion di fotonan por mira un pastechi pa cual e consumo tin cu paga 2,50 florin, na momento di berdad e pover persona aki ta yena su stoma cu mansa mucha, sin cu contenido di e pastechi ta contene algo normal, algo drechi.

Casi 85% di e pastechi aki ta consisti di mansa caminda claramente por mira cu esun cu a traha e cosnan aki, a dicidi di simplemente muha e hariña, lora esaki pa despues hinca loke ta conoci como 'reyeno' aden cu por ta

keshi, ham cu keshi, carni mula, carni di galiña y hasta tin ora chop suey.

Sinembargo pa algun tempo caba tin hopi reclamo riba e producto cu e luga aki ta bende na principalmente muchanan di scol, caminda esun cu ta produci esakinan, no ta kibra su cabes pa traha un producto na nivel pero ta pone principalmente muchanan di scol, como hariña mucha cu a wordo hasa den un wea cu tin ora no ta completamente limpi.

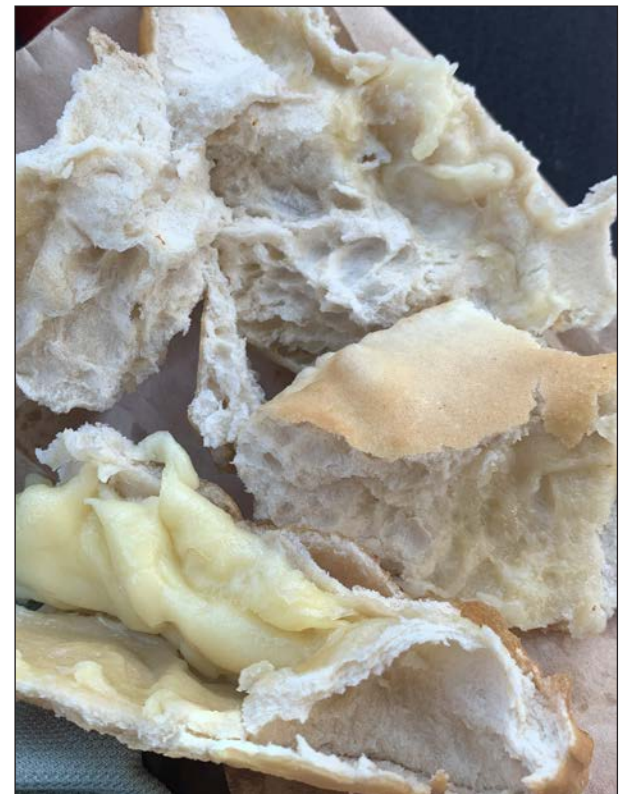

Ta un situacion di abuso, un situacion di ladronicia ya cu bou di ningun circunstancia e pastechi aki por ta bon pa e consumo, den e caso aki mayoria studiantenan hoben cu ta bay scol den cercanía di e luga aki.

SACO

E tipo di abuso aki no ta solamente cu bendemento di pastechi ya cu tin un discrepancia formal pa loke ta e forma con comerciantenan awendia ta trata consumidonan, mirando cu sea pueblo ta compra un saco cerca nan, of ta bin c'un saco of tin cu hinca nan productonan cu nan a compra na e tienda, den un caha di carton cu despues ta wordo benta riba caminda publico mescos cu tabata pasa cu saconan di plastico.

E diferencia di prijs pa un saco ta varia asina hopi cu realmente e ta muestra riba loke Ministerio Publico ta considera como "oplichting" ya cu saco blauw pa pone loke un ciudadano a compra den dje pa hiba cas, no por ta costa 50 cen na un tienda, 1 florin na otro tienda, 1,50 na otro tienda y den algun tienda e ta hasta costa 2 florin.

E no ta klop ya cu antes den pasado ora cu tabata uza saco di papel, e consumo ta haya saco di papel gratis

cerca e comerciante pero awendia e mesun comerciante aki kier bira rico mas lihe cu e por y ta cobra pa saconan pa pone producto aden.

Tin supermercado y tiendanan cu a laga traha tasnan grandi cu nan logo riba nan, cu tambe ta bende esakinan pero aki e consumo por uza e tip di tasnan aki pa hopi cos, pa diferente respondi ora cu esaki ta rekeri.

Minister Dangui Oduber

Un otro logro den historia: Digitalisacion pa henter sector di cuida medico na Aruba

Diamars atardi Minister di Turismo y Salud Publico, sr. Dangui Oduber conhuntamente cu e Director di nos planta nacional Setar N.V., sr. Roland Croes, y Director di Seguro Social di Aruba AZV, sr. Edwin Jacobs, a hiba algun palabra y tambe celebra un momento historico pa cuida medico na Aruba. Den cuadro di mehora calidad y servicio di cuida, un acuerdo a keda firma den un forma di “partnership” entre Ministerio di Salud Publico, Setar y AZV pa asina digitalisa henter sector di cuida haciendo uzo di tecnologia y innovacion.

E aplicacion di fase 1 pa “Aruba Health App” ta pa sigui facilita servicionan den cuida medico y lo sigui desaroya e aplicacion aki den un manera mas eficiente, transparente y accesibel pa tur aseguradonan pa por haci uso di e sistema digital. E sistema lo tin aplicacion pa traha afspraak via e app MiDokterDiCas, tambe por ricibi receta prescribi via MiRemedi y alabes ta haya tur resultado di testnan di dokter di cas via MiLaboratorio.

Segun e mandatario esaki ta un “era nobo” pa asina digitalisa henter e sector di cuida medico, cu resultado pa sigui mehora tur e servicionan y e calidad di cuida pa tur dokter di cas por traha na un manera mas eficiente, transparente y mas rapido y asina tambe e comunidad por ta mas informa y sinti nan mes den control di nan salud y calidad di bida.

E impacto di e innovacion y tecnologia aki ta mantene e demanda pa sigui inverti den sector di cuida. Mandatario sigur ta expresa cu 2024 ta bira un aña di inversion den sector di cuida y e “Aruba Health App” ta un di e inversionnan di mas principal cu nos ta duna nos aseguradonan.

Ademas, e innovacion di e plataforma aki ta permiti e aseguradonan pa yega na nan informacion medico 24 ora pa dia cu ta haci e proceso mas rapido, cual antes no tabata posibel. Minister Dangui Oduber a pone e vision y conhuntamente cu Setar y AZV a logra esaki, sigur “one for the books” y asina centralisa e cuida medico na Aruba. Sigur no por keda sin menciona un gradicimento pa tur e personanan cu a traha di dia y anochi pa asina por a logra finalisa e acuerdo pa asina cuminsa cu fase 1 di e proyecto aki.

Minister di Salud Publico, sr. Dangui Oduber, a termina e anochi expresando: “Cu loke nos haci awe lo wordo recorda

den futuro y e generacion cu ta bin lo por aprecia e cambio radical cu a wordo implementa pa cuida di salud na Aruba. Pabien Aruba! Ta importante pa nos pais por sigui bay dilanti cu innovacion y transparencia. Un vision innovativo y progresivo cu ta den ehecucion.”

Ministerio Publico bandona politica y sirbi husticia corectamente

Tin preocupacion grandi den institucionnan hudicial, pa e forma con e institucionnan aki ta wordo no solamente critica pero tambe cuestiona den nan forma di procede loke por ta algo hopi dañino pa e sistema hudicial.

Un situacion cu a bin ta birando mas serio den ultimo cinco pa seis aña pero caminda recientemente, e situacion a bira hopi mas delicado caminda practicamente tur dia por scucha of lesa con comunidad ta cuestionando e forma di procede di varios departamento hudicial.

Awendia den e era digital cu henter mundo ta bibando aden, practicamente tur cos ta bin Sali na cla na un momento of otro y comunidad tin mas alternativa pa haya informacion y no ta solamente di medionan di comunicacion manera radio, television, website of hasta facebook.

E momento a yega cu e sistema hudicial tin cu cuminsa compronde den e era nobo aki di tele comunicacion, hendenan lo sigui busca alternativa, lo sigui busca un forma pa yega na ricibi informacion cu nan kier haya of no.

Ministro di Husticia y Asunto Social ta anuncia cu entrante **10 november 2023** segun Ley di Molestia, durante 30 dia lo tin oportunidad pa un y tur tuma conocimiento na Departamento di Legislacion y Asunto Huridico, **Schotlandstraat 53** di un peticion di permiso cu a ser haci pa un **instalacion di gas di 1x 120 gallon na Palm Beach 33**. Den e periodo aki tur hende por expresa por escrito nan desacuerdo cu dunamento di e permiso menciona. Esaki mester ta dirigi na Ministro di Husticia y Asunto Social mediante director di Departamento di Legislacion y Asunto Huridico, Schotlandstraat 53.

Na e momento aki tin algun periodista como parti di un investigacion contra di un oficial di polis, relaciona cu prestamento di radio di polis of suministracion di informacion pa un agente policial loke ta un di e tantisimo casonan riba e asunto aki.

Awendia caminda practicamente tur hende ta haci uzo di celular, ta mas cu claro cu prensa ta ricibi tur informacion asina cu cualkier suceso tuma luga ya su si no ta bisiña of ta un ciudadano cu a pasa un caminda y a mira actividad hudicial tumando luga y ta situacion cu autoridadnan tin cu siña biba cu esaki.

Medionan di comunicacion tambe ta studia e mercado digital tur momento, pa haya cualkier aparato cu cual nan por uza pa haya informacion cu tin ora autoridadnan policial y hudicial, kier sconde of miho bisa, nan kier drumi riba dje.

Den ultimo añanan tin e casonan hudicial contra di ex tres Minister kendenan a wordo pone preso hasta na KIA y uno den isolacion cu a tuma demasiado tempo, cual tabata un abuso di derecho di e persona aki pero e ora sin Ministerio Publico no ta atende cu e situacion manera mester ta.

Den ultimo 7 aña Ministerio Publico, sea contra su gusto of cu su aprobacion, a pasa pa bira un institucion cu a wordo influencia politicamente caminda a persigui tras ex Minister, un ex Parlamentario pero pa asombro di tur hende, caminda tur a haya un nomber cual ta un custumber nobo tambe, entre otro caso IBIS, caso Avestruz, caso Flamingo y caso Diamante cual tabata contra di un ex Parlamentario. Sinembargo un di e gran diferencia cu hopi hende den comunidad ta mirando, ta cu no a duna mesun trato aki contra di un ex Minister Plenipotenciario kende a uza fondonan di pueblo pa su propio uzo persona, loke tabata contra ley.

Te dia di awe nunca e ex Minister aki a wordo interroga pa Ministerio Publico, es mas den un caso cu e ex mandatario aki a dicidi di entabla contra di su retiro dor di gabinete Wever Croes II, e Hues a duna gobiernu rason ya cu e pruebanan cu gobiernu a presenta den su defensa pa hustifica e retiro di Besaril, tabata corecto.

Cu otro palabra Corte den Prome Instancia a duna un sentencia sin “querer queriendo” contra di e ex Minister Plenipotenciario aki pero cu ta bolbe habri caminda pa cuestiona con Ministerio Publico y henter e sistema hudicial ta hinca den otro.

Realidad di tur e asuntonan aki, ta cu e miho decision cu Ministerio Publico por tuma na e momentonan aki, ta di “bandona politica” y como institucion dedica su mes na percura pa husticia ta para ariba, na un nivel completamente aleha di cualkier indicacion cu lo por tin preferencia politico den e maneho di e institucion aki.

Segun reportahe di CAft

Gobierno di Aruba no ta inverti suficiente den proyectonan

Secretaria di Estado Alexandra van Huffelen a dirigi un carta pa Tweede Kamer, relaciona cu e reportahe di mita aña di e comision financiero CAft pa loke ta su analisis di ehecucion di recomendacionnan di e tres islanan di Aruba, Corsou y Sint Maarten.

Un di e conclusionnan di CAft ta cu e islanan aki no ta haciendo suficiente inversion y caminda a ser muestra cu Aruba den ultimo añanan mustrand cu gobierno tin cu cambia su maneho y percura pa inverti mas den diferente proyectonan di vital importancia.

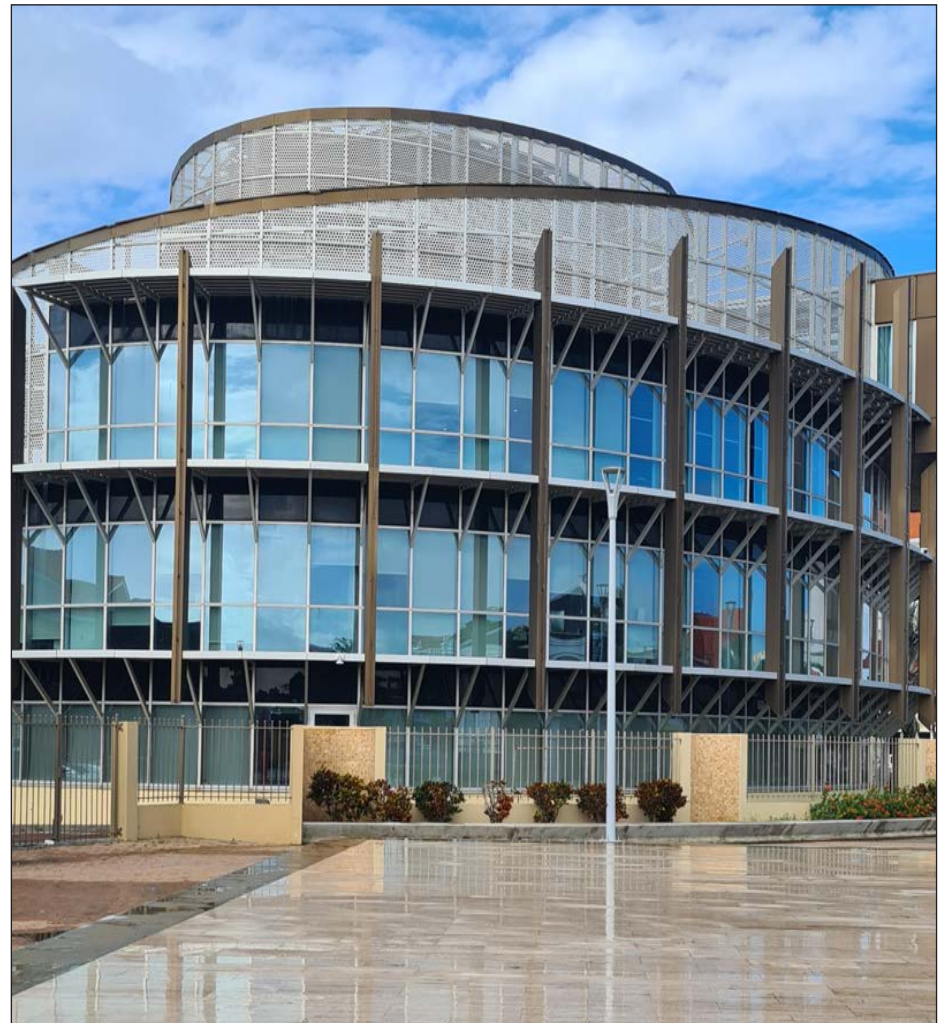

Pa loke ta Aruba, CAft ta muestra cu tin pa loke ta e prome seis lunanan di 2023, e isla a conoce desaroyo sumamente positivo, manera e surplus financiero y tambe a entrega porfin e presupuesto na tempo pero na mes momento ta muestra cu e calidad dunamento di informacion responsabel, ta merece mas atencion.

Tambe a ser muestra cu ta necesario pa gobierno di Aruba percura pa tuma mas medida structural principalmente pa loke ta maneho y control di gasto den e sector di cuido. CAft ta nota cu tin puntonan positivo sin duda, entre otro cu Gabinete Wever Croes a entrega presupuesto 2023 na tempo y a haci hopi adaptacion y cambio pa logra esaki, mustrand cu e cambionan positivo aki tin cu continua den añanan cu ta bin.

Na mes momento CAft a muestra cu di otro banda tin cierto desaroyonan cu ta rekeri mas atencion entre otro e responsabilidad di gobierno pa carga responsabilidad pa duna informacion riba e asina yama “uitvoeringsrapportage” y loke ta mas serio ainda, presenta cuentanan anual na tempo.

E comision di supervision a señala cu for di 2022 Gabinete Wever Croes den un forma sistematico pa entregando cuentanan anual demasiado laat mustrand cu cuentanan anual cu riba peticion di Rijksministerraad pa entrega esakinan, ainda esakinan for di 2019 no a keda entrega.

CAft ta muestra cu en parti esaki ta debi na falta di suficiente personal y cu e aspecto financiero ta hungando un rol den e proceso menciona pero a muestra cu gobierno di Aruba ta trahando riba esakinan.

INVERSION

Segun e reportahe, gobierno di Aruba tin e intencion di aumenta inversionnan pa proximo añanan caminda den presupuesto 2024, caminda e inversionnan aki lo ta mas den e parti di infraestructura mientras cu pa añanan cu ta bin Gabinete Wever Croes lo kier inverti un tipo di transaccion energetico y un desaroyo pa loke ta agricultura.

Sinembargo apesar di e intencion aki, Aruba mescos cu Corsou y Sint Maarten ta keda bou di e nivel di inversion compara cu e region di Caribe, ya cu esaki ta para di 1 te cu 1.5 porciento di e bbp.

CAft tambe a señala cu ta un hecho cu gobierno di Aruba kier spaar placa a costo di mantencion di cantidad di edificio, infraestructura y otro serviccionan di gobierno.

Realidad di e situacion pa loke ta inversion, ta cu for di 2017 tanto Gabinete Wever Croes I, MEP-POR-RED como esun II, cu ta MEP y RAIZ, no a ehecuta ningun proyecto grandi y practicamente por bisa cu no a tuma luga ningun inversion mas for di 2017.

DI TODO UN POCO PA REFLEXIONA

Productionan petrolero a baha considerablemente, pero sigur no a yega n'e cifra di principio di e aña aki ainda. For di awe nos ta pronostica cu na luna di December, prijsnan di productionan petrolero lo conoce un aumento atrobe. Estilo di wip-wap. P'esey wanta bo cartera.

Papiando di bo cartera, Prome Minister Evelyn Wever Croes a admiti cu su Gobierno no a haci ningun ahuste pa loke ta pago di Bijstand, ni tampoco di Pensioen, mientras cu e sa masha bon, cu prijs di tur cos ta sigui aumenta. Su Gobierno ta sigui tuma hende den servicio, via di contrato, biahenan ta sigui, malgastamento di placa ta sigui y asina por sigui menciona mas. Pero pa pueblo no tin ningun alivio. Pueblo ta bira mas pover, poder di compra ta sigui baha. Te ki dia?

Bo no ta kere cu e combersacion cu Mike Eman tabatin cu Premier Mike Rutte, a pone cu e mandatario Hulandes a pidi Eerste Kamer pa wanta cu e cobranza di interes halto (e boet cu Hulanda kier impone riba Aruba)? Rutte a compronde cu no por castiga Aruba di e forma aki. Tur e tempo cu Prome Minister EWC ta bin ta negocia cu Alexander van Huffelen, no a logra nada.

EWC a yega di declara cu unda e bay, porta ta habri pe, loke cu Mike Eman no por logra. E bishita ultimo di Mike Eman na Hulanda a keda demostra a respet grandi cu politiconan di taya Hulandes tin pa Mike Eman, pa kende portanan ta habri como pa un dignatario. Su bishita na Hulanda, sigur tabata un exito.

Ya ta algun luna caba cu Rycond Santos do Nascimento y Gerlien Croes a declara nan mes independiente di AVP, pasobra nan kier kibra un politica nobo. Te awe pueblo no ta ripara nada nobo di e dos politiconan aki. For di awor por bisa cu den proximo eleccion, nan ta core cu e riesgo di disparce di arena politico di Aruba, pasobra te awe pueblo no a mira nada di e "politica nobo".

Es mas, Rycond no por separa su mes for di e ideologia di AVP, di ta un Cristian Democrata, pasobra te awe e no ta un Social Democrata. Pero pa haci como si fuera di a kibra cu AVP, e ta critica AVP y su lider, keriendo cu asina e por

gana voto. Pero kico e dos politiconan independiente a haci te awor, pa demostra cu nan ta diferente? Pueblo lo confirma cu nan a comete suicidio politico.

E Presidente di Stichting Parkietenbos, Aldrich Croes, un tempo su compania tabata haci mercadeo pa companianan di Famia De Veer, e.o. EcoTec. Awe cu e ta para na otro banda, e tin otro actitud. Aldrich Croes semper sa cu un medaya tin dos banda, hasta tres. Ta sali na cla cu EcoTec Freezone a invita su persona, pero sigur e Fundacion di cual e ta Presidente pa bishita EcoTec Freezone pa haya presentacion y splicacion di e trabaonan cu nan ta haci. Tur e invitacionnan aki no a ser honra. Anto pakico bo ta critica anto, sin sa kico ta bebe y come di loke ta wordo haci. EcoTec Freezone a desenmascara Stichting Parkietenbos y su Presidente.

Prome Minister Evelyn Wever Croes anunciando e Director nobo di Cas di Aruba, Joselin Croes, no ta un nombramento politico. Bo ta puntra bo mes, e señora aki sa kico e ta papiando? Joselin Croes ta un MEPista di curason, pero a subi lista di POR, a negocia su asiento y a pidi POR pa negocia cu nombramento como Minister Plenipotenciario na Merca, pa cual Hulanda mester aproba y lo keda 5 aña y no mas.

Joselin Croes no kier bin Aruba mas y a sa di negocia e posicion di Director di Cas di Aruba, pa cual Gobierno ningun dia a pone un solicitud pa tal funcion. Awor Joselin Croes kier garantia cu e lo keda te dia cu e kier, cu ningun otro Gobierno di otro signatura lo por cambi'e y/of manda Aruba bek. E ex Director di Cas di Aruba tabata un candidato di MEP, Chito Paris. El a tabata un nombramento politico, p'esey e nombramento di Joselin Croes ta keda un nombramento politico. Of MEP kier mantene como un spion di cualkier Gobierno nobo den un futuro cercano?

Ultimamente por tende hopi di denuncianan di Ministerio Publico den casonan di corrupcion, cu tal y tal ta pertenece na un organisacion criminal, pero nunca por menciona na cua organisacion criminal. Lo bay tende esaki tambe den caso penal contra di Guilfred Besarill, ex Minister Plenipotenciario di MEP?

{Continuacion na siguiente pagina}

Papiando di organisacionnan criminal, na Colombia awor despues di acuerdo di paz di FARC, ELN a lanta cabez atrobe. Awor nan a secuestra di tata di Luis Diaz, hungado Estrella di Liverpool. ELN ta demostrando cu nan tin mas poder di Gustavo Petro, Presidente di Colombia, kende tambe tabata un guerrillero. ELN a laga sa cu nan ta dispuesto pa laga e tata bay, pero no kier mira presencia di ehercito Colombiano. Ta ki clase di negociacion esaki ta? Y asina mes, ELN ta na mesa cu Gobierno, negociando otro acuerdo di paz. Para e negociacion aki, te ora cu tata di Luis Diaz ser laga den Libertad.

Algun di nos politiconan, ta pertenece n'e organisacion criminal aki di ELN? Lo ta bon pa sa. Pasobra manera menciona, den caso di IBIS, Avestruz y Flamingo, nan tur ta pertenece na un organisacion criminal.

Hans Geerman a admiti di a cobra placa di pueblo sin traha, pa cual a logra di paga bek e suma di como 125 mil florin, maske awe e.o. EWC ta bisa cu si Hans Geerman den su Ministerio a traha pe. EWC a haya fama di ta un mentiroso (gañado) grandi, te cu Nel Ouber, miembro honorario di MEP a laga sa, "campana ta un cos, pero Gobierno ta otro cos". Pero tin mucho mas trahado fantasma den e Gobierno aki, cu na su debido tempo pueblo lo sa kende nan ta.

Crisis di debe

Paisnan den desaroyo debe China mas di 1,1 biyon dollar na prestamo

E paisnan den desaroyo ta enfrenta un creciente debe cu e prestamistanan Chines, cu ta subi n'e asombroso cifra di 1,1 biyon dollar, segun un analisis reciente di dato realisa pa AidData, un laboratorio di investigacion di e William & Mary University di Virginia. E informe aki ta subraya e problemanan financiero na cual hopi cu a presta ta enfrenta, ya cu mas di e mita di e prestamonan cu China a concede a lo largo di dos decada ta yegando su expiracion.

E estudio ta revela cu un alarmante 80% di e prestamonan di China n'e paisnan den desaroyo ta yudando actualmente e nacionnan cu ta pasando den dificultad financiero.

Durante varios aña, China a realisa inversion grandi den proyecto di infraestructura den e paisnan aki, principalmente a traves di e "Belt & Road Initiative" lansa p'e lider Chines Xi Jinping un decada atras. E inversionnan aki a stimula e crecimiento economico, pero tambe a lanta preocupacion

p'e practicanan di credito irresponsabel.

E vencemento di e debenan ta cuadra cu un clima financiero dificil marca p'e tiponan halto di interes, e votalidad di e monedanan local y e caida di e crecimiento economico mundial. E analisis di AidData ta muestra cu 55% di e prestamonan si e sector oficial di China n'e paisnan den desaroyo a drenta den nan plaso di pago.

E prestamonan concedi durante e periodo di Belt & Road, cu periodo di gracia, y e esfuerzonan di suspension di e debe durante e pandemia, ta drentando awo den un fase caminda cu China ta pasando pa ta e mayor creditor oficial di mundo door di converti den un cobrado importante di debe. E magnitud di e debenan aki ta pone di manifesto e importante carga financiero na cual hopi nacion den desaroyo ta enfrenta den un panorama economico cambiante.

Polis financiero Italiano a confisca 835 miyon dollar fo'i Airbnb pa supuesto incumplimento fiscal

Polis di Finansa di Italia a tuma medida contra Airbnb Inc. cu e obhectivo di confisca aproximadamente 779 miyon euro (835 miyon dollar) for di e empresa, alegando e falta di pago di e retencion fiscal di 21% riba por lo menos 3700 miyon euro di entrada door di huur. Segun un comunicado di fiscalia di Corte di Milan, tres persona cu tabata traha p'e empresa cu sede na San

Francisco durante e periodo ey ta bou investigacion.

Airbnb a refuta e acusacionnan aki, splicando cu su personal Europeo a participa activamente den combersacion cu e agencia tributario Italiano pa aborda e cuestion for di juni. Vocero di Airbnb, Christopher Nulty, a expresa e sorpresa y decepcion di e empresa p'e accion tuma door di Ministerio Publico Italiano y a afirma su compromiso cu e pleno cumplimiento di ley.

E confiscacion aki ta refleha un tendencia mas amplio di autoridad Italiano y Europeo door di scrutiña e practicanan fiscal di e empresanan multinacional. Na 2019, e fiscalnan

Italiano a analisa e cumplimiento tributario di Netflix Inc. ora cu e empresa di streaming no a presenta un declaracion.

Fuera di esey, na principio di e aña aki, e fiscalnan di Milan a cuminsa cu un investigacion riba Meta Platforms Inc., e empresa mama di Facebook, pa belasting riba e balor agrega supuestamente door di falta di pago p'e balor di aproximadamente 870 miyon euro.

E medida aki ta pone di manifiesto e determinacion di Italia pa garantiza cu e empresanan internacional cumpli cu nan obligacion fiscal y atene na ley fiscal local, continuando un tendencia di mayor scrutiño di e practicanan fiscal di e empresanan.

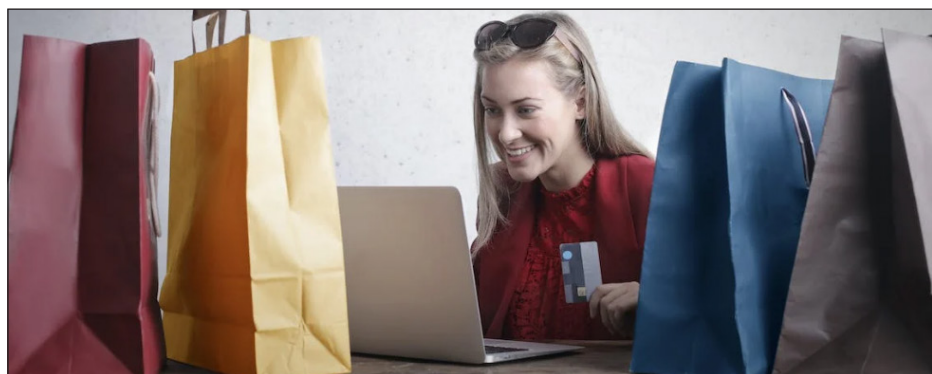

Advertencia n'e consumidornan riba tienda falso riba internet na drempel di temporada di fiesta

Mirando cu e fiestanan di Pasco ta acercando, e organisacionnan Hulandes di consumidor a manda advertencia n'e residentenan riba e abundancia di tienda falso riba internet. Un campaña titula "Prome check reviews, despues haci e pedido" tin e intencion pa reduci e cantidad di victima potencial.

Centro Nacional pa Denuncia di Fraude riba Internet (LMIO) di cuerpo policial ta premira mas di 40 mil denuncia di fraude den compra y benta den e pais pa e aña aki. Un parti significativo, aproximadamente 14 mil caso, ta referi na tienda online cu no ta entrega e productonan na momento di ricibi pago, un cantidad cu ta spera cu lo aumenta cu yegada di Black Friday, Sinterklaas y Pasco.

Pa enfrenta e problema aki, polis ta propone cera por lo menos mil tienda online falso e aña aki, loke ta ilustra un aumento di 30% compara cu 2022. E perdida promedio experencia p'e victimanan di e fraude di compras online a aumenta mas cu 20%, yegando 350 euro.

Den colaboracion cu polis, Autoridad di Consumidor y

Mercado di Hulanda (ACM), e Asociacion di Consumidor (Consumentenbond) y e Centro Europeo di Consumidor (ECC) a cuminsa cu un campaña di informacion pa proteha e consumidornan di e tiendanan falso online.

Eva Calvelo Muino, director di CEC, a subraya e importancia di comproba e reviewnan pa sigura di legalidad di e tiendanan online. E ta recomenda busca reviews asocia n'e URL di e tienda y analisa e experiencianan comparti den varios site di review.

Du un simpel comprobacion di e reviewnan, e consumidornan por evita e molesternan asocia na compra of entrega of costo di "refund inespera".

Minister Jetten (D66) receptivo pa ideanan den nota di AVP

Den un periodo hopi ocupa cu campaña Minister Rob Jetten, Lijstrekker di Partido D66, a traha tempo pa ricibi de e delegacion di AVP consistiendo di lider di fraccion, mr. Mike Eman y consehero Wendrick Cicilia.

Minister Jetten a splica cu e lidernan anterior di e partido D66, manera Alexander Pechtold, tabata tin lasonan hopi estrecho cu lider di partido AVP, Mike Eman y p'esey e ta contento cu den su calidad di lider actualmente tambe por sigui cu e amistad aki.

Na ocasion di e encuentro aki mr. Mike Eman a comparti cu Minister Jetten dos nota REGARDANDO 1. E motivacion pa yega na un Sociaal Cultureel Planbureau (SCP) pa Aruba y 2. Un nota extenso cu ta describi un solucion alternativa pa debe di Aruba cu Hulanda: creacion di un Fondo di Inversion pa Aruba.

IMPORTANCIA DI SCP

E prome reaccion di Jetten, riba e proposicion di fraccion di AVP pa institui un Sociaal Economisch Cultureel Planbureau pa Aruba, ta cu na Hulanda tambe nan ta sinti e necesidad pa haci e situacion socio economico di pueblo mas cla. Un

cos ta e cifranan financiero, Jetten a afirma, y otro ta e realidad socio economico, e bredere welvaart, di e pueblo. E ta convenci cu un SCP por ta util pa Aruba pa haci e necesidadnan di comunidad mas visibel.

COVERTI DEBE DEN FONDO

Pa locual ta trata e nota di AVP pa converti e debe di Aruba cu Hulanda den un Fondo di Inversion Minister Jetten a priminti cu lo duna atencion na e alternativa aki. E ta algo cu lo mester wordo delibera den seno di gobierno, pa cual e a priminti cu lo presenta esaki tambe intensamente. Sin haci un compromiso, Minister Jetten a bisa si cu e ta mira cu e islanan tin mester di mas inversion y acceso na capital pa haci inversion. Den e contexto aki tambe Eman a enfatisa cu no ta cu Aruba lo no demostra e disciplina presupuestario pa reserva e pagonan pa e debe, pero lo kier logra cu e pagonan aki lo bay pa un Fondo di inversion pa Aruba, enbes di bay pa Hulanda. E suma ta 900 milyon y esey lo por ta un ayudo grandi pa Aruba por haci inversionnan necesario cu ta cayendo hopi atras, Eman a splica. E delegacion di AVP a keda hopi contento cu e recepcion caluroso y hopi comprensivo pa e ideanan cu e notanan di AVP a presenta Minister Jetten (D66) cu ne.

Eric Ras(Curpa):

Partido curpa ta haci un yamado na tur cristian pa para firme contra matrimonio di mesun sexo

Fin di siman pasa tabata tin 2 manifestacion, uno di pro famia y esun pa redefini e structura di famia. E resultado di e 2 manifestacion ta cu e pueblo cristian, cu pa gran parti ta votadornan di MEP, ta disgusta. E mesun disgusto a wordo expresa tempo cu e amienda 7 a bira realidad dia 8 di september 2016. E disgusto ta dirigi principalmente na e lider di MEP, pasobra a bira cla cu ta e lider di partido MEP ta e celebrito tras di e amienda 7.

Ora e prome amiendanan a wordo tira den bari sushi, e lider di MEP ta esun cu a introduci e amienda 7 hunto cu partido Democracia Real y partido AVP. Lider di partido MEP mester a bay den nucleo di partido MEP pa calma e votadornan di partido MEP cu e promesa falso cu e lo no permiti e ley di codigo civil cu ta encera e geregistreerd partnerschap drenta na vigor.

E promesa falso a keda te cu dia prome di maart 2021 ora gran mayoria di e parlamentarionan di partidonan MEP, AVP, red y por a vota pa geregistreerd partnerschap wordo aproba y asina den mesun aña den luna di september 2021 drenta na vigor. Resultado di e votacion den parlamento tabata 17 parlamentario a vota na favor y solamente 4 tabata contra. Den partido MEP tabata tin parlamentarionan supuestamente cristian cu por a marca e diferencia door di kita nan sosten y gobierno lo por a cay prome cu dia 1 di maart 2021 y e ley lo no a wordo aproba den nos Parlamento. Lamentablemente no tabata tin curashi pa kita nan sosten for di gobierno.

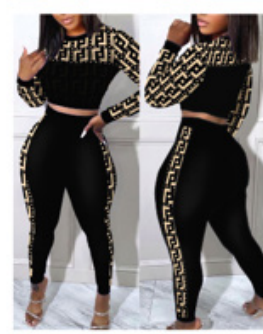

Minister Arends cu a ricibi e manifiesto pro famia, enbes di a keda imparcial y para pa e bienestar general, deliberadamente a duna un reaccion cu en todo caso NO ta para pa e famia tradicional. Nos no sa si e ta nan of e no ta nan, pero un cos ta sigur el a subi caya hunto cu e grupo minoritario cu ta existi pa redefini e structura di e famia crea pa Dios. Nos por mira claramente cu e ministernan di partido RAIZ no ta respeta opinion di e pueblo y a demostra di ta para banda di e grupo minoritario y trapa riba democracia. Nos por mira cu accion 21 y partido RAIZ a brasa otro den e proyecto di ley aki.

Ta obvio cu e minister president di Aruba ta tuma decision y no ta respeta e deseo di nos pueblo. E pensamiento di nos prome minister no ta pa sirbi bienestar di e pueblo di Aruba, pero pa cumpli cu e exigencianan impone pa e Sustainable

Development Goals cu kier kita e libertad di pueblo pa scoge. Minister president ora e ta na Hulanda e papia un cos y na Aruba e ta bisa un otro cos. Laga nos warda mira kico e minister president lo bay bisa despues di e disgusto grandi cu ta reina bao di pueblo di Aruba riba e tema di matrimonio di mesun sexo. Nos di partido Curpa no ta kere cu minister president lo bay bringa un cos cu e mes a firma pe pa local cu e punto di Sustainable Development Goals. Nos tur sa cu e minister president nunca ta para pa e berdad.

Aruba ta para dilanti di un reto grandi y nos tin un gobierno cu conoce solamente biahamiento y sin ningun resultado durante 6 aña di gobernacion. Puro malgastamento di placa di pueblo y suta pueblo cu medida. E luna aki so 4 minister ta biaha pa Europa. Dianan dificil ta spera nos, pero nos confiansa mester keda den Dios. Laga nos fundeshi ta traha riba e baranca cu yama Cristo.

E ley di matrimonio di mesun sexo ta cla pa wordo presenta den Parlamento y ta sigur cu mayoria parlamentarionan lo vota na favor. Si e supuestamente parlamentarionan cristian tin e curashi nan lo distancia di nan partido y asina gobierno lo cay. Esaki lo haci cu dentro di 90 dia un eleccion lo mester wordo yama. Pueblo lo tin e oportunidad pa vota pa un partido cu ta contra di e ley aki. Partido Curpa ta keda e unico alternativa.

Bin bishita nos y probecha!
Paña di bon calidad na bon prijs.

Parlamentario Tevreden (MEP):

“E marcha diabierna tabata grandi y exitoso”

Marcha pa respalda e pensamento di e comunidad di pais Aruba cu ta contra matrimonio di mesun sexo

Parlamentario di Fraccion di MEP, Hendrik Tevreden durante un conferencia di prensa dialuna mainta a elabora tocante e dos marchanan cu tabatin durante weekend cu a caba di pasa.

Lider di Fraccion di MEP, a concentra den e marcha contra matrimonio di mesun sexo. Den opinion di Tevreden, e marcha aki tabata un exito y tabata un marcha hopi grandi. El a agrega cu gran parti di pueblo a mustra cu nan ta contra matrimonio di mesun sexo y kier keda na matrimonio tradicional. Nos ta spera cu esaki keda mira como refleho pa locual ta corte di casacion cual ta cuminsa diabierna awor 10 di november, y cual nos a comprende cu lo sigui cu un veredicto den e prome lunanan di 2024.

E Parlamentario a sigui bisa cu manera Hof mes a bisa, no a scucha comunidad di Aruba papia o expresa riba e tematica, kico nan ta pensa of kico nan kier. “Si bo tuma e marcha como un expresion kico pueblo kier y bay midi e dos marchanan cu tabata tin, e ora bo por tuma bo conclusion cu e marcha di mas grandi tabata e marcha contra matrimonio di mesun sexo. Y eyan tambe por mira cu e marcha ey ta respalda e pensamento di comunidad di pais Aruba cu ta contra di e matrimonio di mesun sexo”, Tevreden a expresa.

E marcha aki a wordo yama den corto tempo, sinembargo, e resultado y e acompañamento di pueblo tabata hopi grandi, a remarca. E grupo aki a entrega un manifiesto na gobierno hunto cu e mas di 18 mil firma. Aworaki, oficialmente tin registra 16.313 firma pa notario y no a termina cu e conteo

total. Esnan cu ainda lo kier firma por acudi na diferente misa o iglesia pa haci esaki. Tambe por digitalmente ariba <http://bit.ly/YenaEPetition>. E firmanan aki ta wordo controla pa notario pa verifica cu nan ta firmanan legal. E firmanan lo sigui wordo recauda pasobra ta kere cu pais Aruba tin mag di vocifera nan opinion riba e tema aki cu sigur ta impacta comunidad grandemente, Hendrik Tevreden a enfatisa. Den un democracia ambos Partido tin derecho di expresa nan opinion y ambos Partido ta haciendo esaki na un forma hopi respetuoso.

Consecuencianan

No por descarta cu e cambionan ora cu kier introduci un ley asina aki, lo ta grandi. Tin hopi implicacion cu tin di tene cuenta y dialoga riba nan. E ta mas cu un cambio simplistico, pero sin duda e ta implica cambio riba educacion, salubridad y financiero pa menciona algun.

Algo cu a hala atencion caba ta e declaracion di un representante di un di e gruponan cu ta pro LGBTQIA+ cu a bisa cu ya caba nan ta trahando pa amplia e ley pa cambia number y sexo den paspoort, indicando cu nan lo bay concentra tambe riba loke ta ideologia di genero. E ta nifica cu si cientificamente, biologicamente, bo ta nace como hende homber, pero bo ta sinti cu bo ta un hende muhe, bo lo por cambia esaki den por paspoort, pensamento cu ta hopi leu di loke nos comunidad ta custumbra cu ne riba e ambito legal.

E lidernan religioso a haya un apoyo grandi di comunidad y e marcha tabata asina exitoso. “Mi ta spera cu nos por sigui resona nos bos riba e tematica aki, den respet, den dialogo cu otro. Pero vociferando nos opinion den un manera firme, e Parlamentario a finalizando bisando.

Parlamentario Ricky Hoek, Fraccion MEP:

Mike Eman version 2.0 lo mester cuminsa trece su pensamentonan constructivo den Parlamento di Aruba

Cu ta e caminda unda e mester traha

Parlamentario Ricky Hoek a duna di conoce cu ta keda scucha y wak den medionan di comunicacion cu Mike Eman, cu su actitud di ‘Monkey See Monkey Do’, atrobe a bay haci bishita na VNO y tambe a subi avion pa bay Hulanda, na momento cu Prome Minister a bay Hulanda.

Ta cuestiona kico ta e idea di Mike Eman, kende a bisa cu e a biaha pa Hulanda pa bay trece pensamentonan nobo y mas constructivo. Den opinion di Hoek, sr. Eman lo mester cuminsa trece su pensamentonan constructivo prome cerca Parlamento di Aruba caminda e ta estableci y caminda cu e ta traha. Banda di esaki Eman ta bisa cu mester trece alivio den e situacion na Aruba y e relacion cu Reino.

Situacion na Aruba ta progresando y ta bayendo den bon direccion y cu e relacion cu Reino, cu Prome Minister Evelyn Wever-Croes aworaki tin, ta mas miho cu nunca compara cu tempo cu sr. Mike Eman tabata Prome Minister di Aruba, a bisa. “Cu su actitud di sinta bou di un palo y no tuma accion, mi ta kere e no a pone Aruba den ningun luz positivo e tempo ey, compara cu awe cu sra. Evelyn Wever-Croes a bay Hulanda y a haci bishita na tur instancia ta muestra con serio nos gabinete ta. Ta muestra con cualifica nos Prome Minister ta y cu e por haci un bon trabao”, Rick Hoek a remarca.

Mike Eman version 2.0: Manipulacion cerebral ta sigui

Parlamentario Hoek kier pa Sr. Mike Eman y pueblo mes tambe corda cu mester ta consciente di loke ta e wegá y e manipulacion cerebral cu sr. Eman ta trenciendo atrobe. Esaki ta e Mike Eman version 2.0 caminda cu e ta bin cu informacionnan pa purba manipula pueblo. Sinembargo, tin e resultadonan den e rapport “Bo Aruba” di su prome experiencia di tempo cu e tabata prome minister.

Riba e topico di minimumloon, e Parlamentario a indica cu Eman ta keha cu salario minimo no ta suficiente na Aruba. MEP a aumenta entrada y poder di compra ora cu a hisa ‘minimumloon’ 4 biaha durante Gabinete Wever-Croes I y II.

Pa esnan cu ta kere ciegame lóke Mike Eman ta bisa, Gobierno di MEP a traha y ta trahando pa e pensionadonan nan bienestar. Lo por haci mas, pero esaki ta bay segun progreso economico-financiero manera Gabinete Wever-Croes II ta haciendo. Pa di prome, MEP a aumenta pensioen di biehes tres biaha y esaki ta hopi mas biaha y un suma hopi mas halto di loke Mike Eman mes a haci durante di su gobernacion.

Pa di dos, a aumenta ‘reparatietoeslag’ cu Afl. 45 florin pa asina yega na e suma di Afl. 170 florin pa luna pa e pensionadonan. Pa di tres, a baha ‘grondbelasting’ di e pensionadonan. E plan di impuesto 2023 ta baha e peso fiscal pa e pensionadonan y akinan por wak cu e suma liber di impuesto ta subi te cu 30 mil florin pa aña y a separa e cobranza di impuesto di pensioen di pareha di SVb. Pero tur esaki si Mike Eman ni OPPA ta trece dilanti. Ta djis pa laga parce cu nada ta wordo haci pa nos adultonan mayor.

E Parlamentario a finalisa bisando “Shonnan sea alerta. No cay den manipulacion cerebral di Mike Eman. Gabinete Wever-Croes II ta haciendo un bon trabao. Nos ta bayendo den pasonan positivo, nos ta progresando poco poco”.

E version 2.0 di Mike Eman, ta ripiti mesun cos. Pa mas informacion concreto riba e maneho financiero desastroso di Mike Eman por busca e rapport “Bo Aruba” di Algemene Rekenkamer Aruba riba www.gobierno.aw. Tur cifra a keda publica y asina por haci comparacion cu loke Sr. Eman ta bisa y loke e la haci.

Prome Minister Evelyn Wever-Croes:

Pa di 5 aña, Aruba t'e pais anfitrión p'e Caribbean Energy Conference

Diamars mainta, Prome Minister Evelyn Wever-Croes hunto cu Minister di Energia Glenbert Croes, tabata presente na e conferencia di energia, Caribbean Energy Conference. Prome Minister a indica, cu e aña aki ta di 5 aña cu e delegacion di Hulanda y Alemania ta organisa e conferencia di energia aki na Aruba. E prome biaha cu nan a acerca Gobierno di Aruba, tabata na 2017, pa organisa e conferencia aki, tur aña den luna di november, na unda lo t'ey presente un delegacion di Hulanda, Alemania, y otro paisnan. Tambe durante nan estadia, nan lo reuni cu esnan encarga cu energia, pa asina scucha kico ta e esfuersonan cu Aruba ta haciendo riba e tereno aki.

Prome Minister a expresa cu despues di 5 aña, ricibiendo e delegacion aki, ta mescos cu ta famia nos ta ricibiendo. E delegacion ta consisti di un grupo di persona, cu ta hopi interesa y entusiasmo pa haci negoshi na Aruba. Pa Prome Minister e tabata un honor di por a habri un biaha mas e conferencia aki, cu un discurso, na unda el a enfoca riba e importancia di energia limpi. Durante su discurso, Prome Minister a splica cu cambio climatico ta un menasa, specialmente pa e islanan chikito manera Aruba, mirando cu e tin su efectonan riba economia, pero mas importante, riba e beachnan, e coralnan, y e ecosistema cu ta di hopi balor pa e turistanan, cu ta e curason di nos pais. Aruba su experiencianan directo di e efecto di cambio climatico ta subraya e consecuencianan devastador. Gobierno ta reconoce e risiconan di Aruba su dependencia riba "fossil fuels", y ta comprometi pa cana e caminda pa energia transicional. Prome Minister a indica cu Gobierno ta visualisa e transicion energetico como algo mas cu politica di infraestructura, sino, e ta un transformacion social cu ta profundamente hinca den e soñonan y speransa di cada ciudadano. Den alianza cu e metanan di desaroyo sostenibel di United Nations, Aruba lo adopta un enfoque holistico pa progreso. Cada iniciativa pa yega na energia limpi, cada esfuerso di conservacion, y cada esfuerso pa reduccion di carbon, ta crea caminda pa un futuro sostenibel.

"Den nomber di Gobierno di Aruba, mi kier gradici e "Dutch/German Chamber of Commerce" pa kere den Aruba, den tempo bon y den tempo menos bon, organisando e conferencia aki pa di 5 biaha. Un danki tambe na Minister di Energia Glenbert Croes pa tur su esfuerso y dedicacion riba e tereno di energia. Mi ta hopi orguyoso di tur loke un pais chikito manera Aruba ta logrando" Prome Minister a expresa

Un prome dia di evento exitoso riba International Sustainable Air Transportation **Corsou tabata anfitrión di e di dos edicion di e conferencia “DCCA Flight to the Future”**

E conferencia anual di Dutch Caribbean Cooperation of Airports (DCCA), tumando luga for di 5 te cu 8 di november 2023 y e aña aki ta organisa pa CUR | Curaçao International Airport, a tuma luga na Curaçao Marriott Beach Resort. E conferencia a cuminsa cu masha entusiasmo. E di dos edicion di e conferencia innovativo aki a sigui cu e enfoque riba cooperacion di un transporte aereo internacional sostenibel.

Parlamentario Shailiny Tromp-Lee: Het is niet meer zo stil aan de overkant! E proceso di refinanciamento di nos debe di COVID hayando un tiki mas atencion di Parlamentarionan Hulandes

Ta un hecho cu ainda Aruba ta den negociacion cu Hulanda. No obstante e hecho cu Aruba tin masha tiki espacio pa negosha, Gobierno di Aruba ta keda sinta na mesa pa saca un miho deal pa nos pais.

Mas y mas nos ta cuminsa scucha zoni-donan di sosten for di Parlamentarionan Hulandes y por a tuma nota cu cierto presion ta keda poni riba nan gobierno pa loke ta trata refinanciamento di e debe di COVID.

Nos tur por corda e video di Professor Nicolaï, miembro di Eerste kamer, cu a circula rond algun siman atras. Argumentonan uza den e video aki ta subraya loke como Parlamentario, mi persona a bin ta indicando desde un principio y sigur a uza tur oportunidad pa accentua esakinan na reunionnan di IPKO.

Den su video Profesor Nicolaï a enfatisa cu e trato cu Hulanda a duna Aruba pa e prestamo di COVIS ta uno discriminatorio y humiyante. Peter Nicolaï ta un hurista y pa hopi aña a traha como hoogleraar bestuursrecht. E sa kico e ta papia y no tin miedo pa vocifera y sostene Aruba den su lucha pa un trato husto y miho condicionnan di refinanciamento.

Siman pasa durante un reunion den Eerste Kamer caminda a trata e tema di refinanciamento di e debe di Covid pa Aruba (como parti di presupuesto supletorio di Koninkrijksrelaties), nos por a scucha Parlamentario Crone (Groenlinks/PvdA) para pa un trato mas husto pa Aruba. Su persona a indica claramente cu Hulanda ta bay gana placa cu e refinanciamento aki: “..... Nederland gaat verdienen op leningen aan Aruba!”. Alabes e la indica cu e no ta haya corecto pa confronta Aruba cu

un knevelrente: “....we moeten Aruba toch niet confronteren met een knevelrente”.

Ta bon pa pueblo sa kico e palabra knevelrente kiermen. Knevel ta nifica: een prop, doek of stuk plakband waarmee iemand het spreken belet wordt. Cu otro palabra ‘take it or leave it! This is it!’ Cu un palabra e la splica con enberdad, como un Arubiano, nos mester mira e interes di 6,9%. E la subraya e proceso. Mirando cu nos no kier acepta nan condicionnan (algun sin base), Hulanda ta bisa tuma e interes ridiculamente halto aki y cera bo boca.

Durante e mesun reunion nos por a scucha Parlamentario Hartog (Volt) indica cu e ta haya desapuntante cu den Reino tin paisnan cu mester bay paga interes conforme mercado y adicionalmente un risicoopslag. E ta asta indica cu mester tin otro maneranan pa atende cu e parti di super-

vision y administracion financiero. E tabata hopi critico puntrando hasta kico Hulanda ta bay haci cu e ganashi cu nan ta bay haci cu e refinanciamento aki di Aruba. E la enfatisa cu e ta haya cu Hulanda a dal un stap den e direccion incorrecto ora e la pone e condicionnan pa cu e refinanciamento di e debe di COVID.

E desaroyonan aki sigur ta indica cu nunca ta laat! Poco poco nos ta ripara cu nos mensahe, grito pa trato husto y igual, nos urgimento pa yudansa a base berdadero di art. 36 di Statuto, nos critica cu Hulanda kier haci negoshi cu e debe di pandemia riba lomba di nos pueblo ta hayando oido y ta pone algun politico cu enberdad tin Aruba na pecho vocifera nan opinion.

Lo ta bon pa nos hendenan biba aya na Hulanda habri horea scucha y tene na cuenta cua ta e politico y partidonan cu enberdad tin nos islanan na pecho. Un djis ta eleccion!

Pimientos Rellenos Con Salsa De Enchiladas

Pimientos rellenos con un relleno vegetariano increíblemente sabroso y nutritivo.

Te sorprenderá la fantástica combinación de sabores, colores y texturas. El arroz de coliflor se encarga de todo y le devuelve mucha profundidad a este relleno. Los auténticos aromas mexicanos y el sabor ahumado de la salsa de enchilada le darán a tu paladar un ambiente mexicano auténtico, reconfortante y delicioso.

Receta

TIEMPO PREVIO: 20 minutos

HORA DE COCINAR: 25 minutos

TIEMPO TOTAL: 45 minutos

8 SERVICIO

Ingredientes:

6/8 pimiento morrón grande (mezclar colores)

Arroz De Coliflor

1 cucharada Aceite

3 tazas de coliflor

Salsa

3 cucharadas Aceite

3 cucharadas harina

1 cucharada Chile en polvo

1/2 cucharadita Polvo de ajo

1/4 cucharadita Orégano seco

1 cucharadita Comino

2 cucharadas Pasta de tomate

2 tazas de caldo de verduras

1 cucharadita vinagre de sidra de manzana

Relleno

1 lata de frijoles negros

1 taza de queso cheddar, rallado

2 cucharadas cilantro, picado

2 tomates medianos, cortados en cubitos

1/4 taza de cebolla morada, finamente picada

Condimentos

1 cucharadita Polvo de ajo

1 1/2 cucharadita. Comino

1 cucharadita Cebolla en polvo

1 cucharadita Pimentón

1/2 cucharadita Pimienta negra

1 cucharadita Aceite

1 cucharadita Sal

Adornar

1/4 taza de queso cheddar, rallado

Direcciones:

1 - Precalienta el horno a 400°F/200°C.

2 - Tome nuestros pimientos morrones variados y corte la parte superior (lado del tallo), retire todas las semillas y la membrana blanca restante.

3 - En una batidora cogeremos nuestra coliflor (de cualquier color) y la trituraremos hasta obtener un tamaño pequeño de grano de arroz. Continúa este proceso hasta tener 3 tazas.

4 - Calentar una sartén con un poco de aceite y sofreír el arroz de coliflor hasta que esté tierno unos 5 minutos y dejar enfriar.

5 - Para hacer nuestra salsa de enchilada comenzaremos calentando aceite en una cacerola mediana hasta casi humear. Incorpora nuestra combinación de harina, chile en polvo, ajo en polvo, comino y orégano seco. Después de un minuto de batir esta mezcla, agregaremos nuestra pasta de tomate y continuaremos agregando lentamente nuestro caldo de verduras y vinagre de sidra de manzana. Deje hervir a fuego lento durante 6 minutos y la salsa se

espesará naturalmente.

6 - Una vez que el arroz y la salsa de enchilada se enfríen podemos hacer nuestro relleno. En un tazón agregue el arroz de coliflor, los frijoles negros, el queso cheddar, el cilantro, los tomates, los condimentos (pimentón, comino, pimienta negra, ajo en polvo, aceite, cebolla en polvo) y nuestra salsa para enchiladas.

7 - Rellena nuestros pimientos casi hasta arriba y termina con queso cheddar extra. En una fuente para horno grande colocamos todos nuestros pimientos. Vierta 1/3 de taza de agua en el fondo para ayudar a vaporizar y secar nuestros pimientos. Hornee durante 20-25 minutos o hasta que el relleno esté completamente caliente y el pimiento esté más suave.

8 - Termine con salsa de enchilada y decore con queso cheddar encima.

9 - ¡Disfrutar!

Fortaleza pa Famia

Mas nos kere den Dios, mas nos lo ricibi di Dios

UN hende no por ricibi nada, si esey no a wordo duna na dje for di cielo (Juan 3;27).

No sea gaña, mi rumannan stima. Tur bon regalo y tur don perfecto, ta for di ariba, y ta baha bini for di e Tata di lusnan, serca Kende no tin variacion, ni sombra di cambio (Santiago 1:17).

Di berdad, di berdad, Mi ta bisa boso, esun cu kere den Mi, e obranan cu Mi ta hacie tambe lo haci: y obranan mas grandi cu esakinan e lo haci, pasobra mi ta bay cerca e Tata.

Tur loke boso pidi den Mi nomber, esey lo Mi haci, Pa e tata wordo glorifica den e Yiu. Si boso pidi algo den Mi nomber lo Mi hacie (Juan 14;12-14),

Y e señal aki lo compaña esnan cu ta kere, den Mi nomber nan lo saca demoño, nan lo papia den lenga nobo. Nan lo coy e colebra cu man, y si nan bebe cualkier veneno mortal, esey lo no haci nan daño, nan lo pone man riba hende malo y esakinan lo bira bon (Marco 16:17-18).

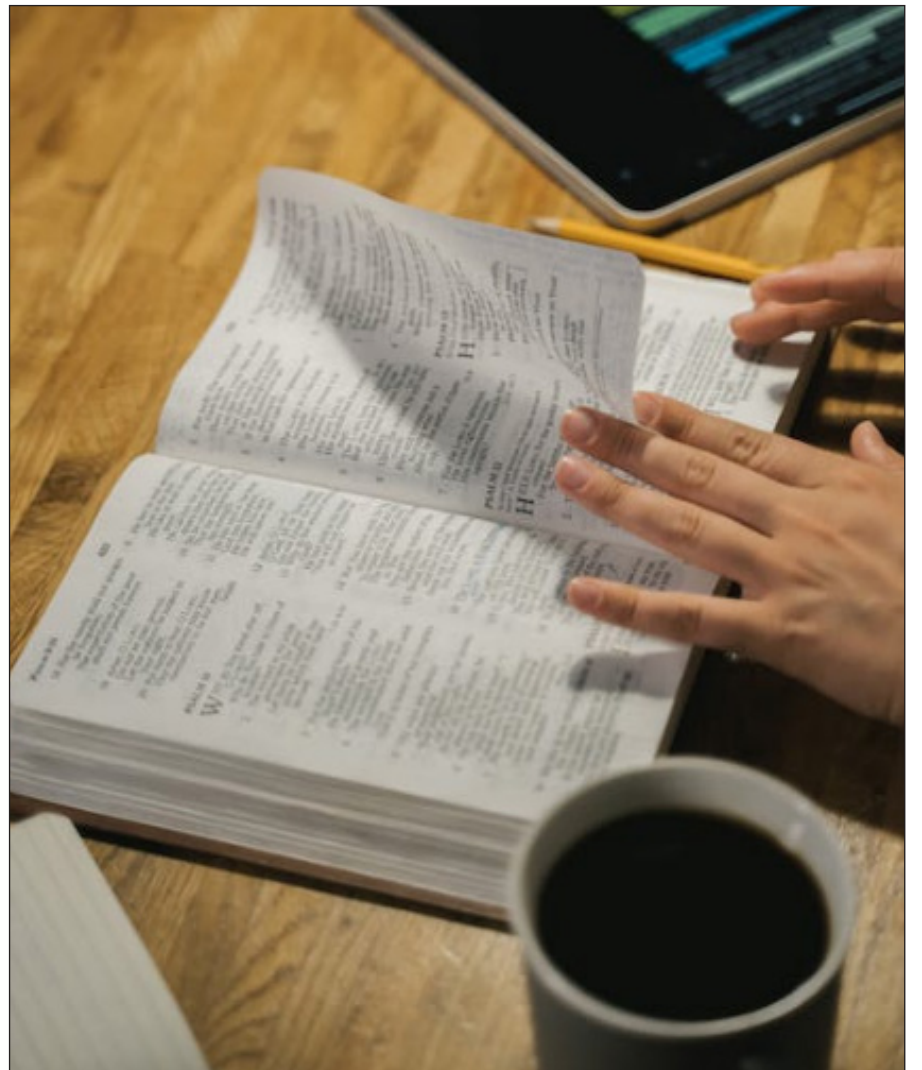

Cual lo ta nos defensa si nos no ta kere den locual ta para skirbi, pasobra ora e diabel a ataca Hesus den desierto Hesus a defende su mes cu locual ta para skirbi, esey ta duna nos un indicacion cu nos mester kere de locual ta para skirbi (Mateo 4:3-10).

Un persona cu ta haci oracion y e no ta kere, su oracion lo no tin ningun clase di efecto, pasobra e ta duda, e palabra di Dios, ta siña nos cu nos mester pidi cu den fe, sin ningun duda (Santiago 1:6)

Nos ta bibando den un tempo materialista, caminda immoralidad ta broma riba caya, impuresa ta pone hende haya berguensa, djis observa pa bo mes con violencia ta domina nos hubentud tanto na cas, scol, riba caya, y sabi cu a yega e tempo pa nos fe crece den Señor pasobra ta solamente Señor por yuda nos.

Nos oracion cu Fe por basha murayanan abao, nos oracion cu Fe por destrui forsa di e enemigo, pasobra ora nos pidi algo den nomber di Hesus, E ta scucha y E ta haci pa nos, den nomber di Cristo Hesus, tur cos ta bira posibel.

Dios den su inmenso amor ta duna nos e forsa den oracion pa ranca tur esnan cu diabel tin nan mente corumpi, trece

nan riba e caminda di berdad y bida, pasobra ta hopi distraicion satanico ta tumando luga rond mundo.

E amor di Dios mester wordo demostra, na esnan cu no ta kere den Dios, pasobra tur hende mester haya e oportunidad pa kere den Dios, y drecha nan relacion cu Dios, ningun hende ta wordo rechasa of exclui, pasobra berdad ta y ta keda cu Dios a stima e mundo completo, y a manda su yiu unigenito pa ken cu kere den dj'E no bay perdi ma haya bida eterno.

E enemigo a sembra immoralidad, y ta uza esey pa hende kere cu nan ta exclui, y asina mantene nan mes leu for di Dios.

Pero awor a yega e momento pa nos oracion crece mas cu nunca, pa tur esnan cu no ta kere den nos Señor Cristo Hesus, dobla nan rudia, kibra cu tur orguyo y arrogancia, y bini cu urgencia na Cristo Hesus y asina wordo libera for di gara di e enemigo.

Nos ta bibando den un tempo caminda tin hopi trocemento di berdad door di hendenan di influencia.

P'esey nos mester kere den locual ta para skirbi.

Sinceramente, Pastor Marcel Balootje

Lagrima y floran por seca, su recuerdonan y tur loke el a haci y significa pa nos lo keda graba pa semper den nos mente y curazon.

“Cerca Dios mi alma ta na paz, ta di dj'E mi Salbacion ta bini”. (Salmo 62:1)

Cu inmenso dolor na nos curason, pero agradecido pa tur loke el a significa pa nos, nos ta anuncia fayecimento inespera di nos ser stima, Tata, Welo y Ruman

ANOTHER ACHIEVEMENT IN HISTORY:

DIGITIZATION FOR THE ENTIRE HEALTHCARE SECTOR IN ARUBA

Another Achievement in History:

Digitization for the Entire Healthcare Sector in Aruba

ON Tuesday afternoon, Minister of Tourism and Public Health, Mr. Dangui Oduber, along with the Director of our national telecommunications company Setar N.V., Mr. Roland Croes, and the Director of the Aruba Health Insurance AZV, Mr. Edwin Jacobs, delivered remarks and celebrated a historic moment for healthcare in Aruba.

In the pursuit of improving the quality and service of healthcare, an agreement was signed in the form of a partnership between the Ministry of Public Health, Setar, and AZV to digitize the entire healthcare sector using technology and innovation.

The phase 1 application for the “Aruba Health App” aims to continue facilitating services in healthcare and will further develop this application in a more efficient, transparent, and accessible manner for all insured individuals to use the digital system.

The system will have applications for scheduling appointments via the MiDokterDiCas app, receiving prescribed prescriptions via MiRemedi, and also accessing all test results from home doctors via MiLaboratorio.

According to the minister, this marks a “new era” to digitize the entire healthcare sector, resulting in improved services and healthcare quality, allowing family doctors to work more efficiently, transparently, and faster. T

his also enables the community to be more informed and in control of their health and quality of life.

The impact of this innovation and technology maintains the demand to continue investing in the healthcare sector.

The minister ensures that 2024 will be a year of investment in the healthcare sector, and the “Aruba Health App” is one of the most significant investments provided to our insured individuals.

Furthermore, this platform’s innovation allows insured individuals to access their medical information 24 hours a day, making the process faster, which was not possible before.

Minister Dangui Oduber shared the vision, and together with Setar and AZV, they have achieved this, ensuring it is a milestone and centralizing healthcare

in Aruba. Surely, appreciation goes to all those who worked day and night to finalize this agreement and start with phase 1 of this project.

**Minister of Public Health,
Mr. Dangui Oduber, concluded the
evening by stating:**

“What we are doing today will be remembered in the future, and the coming generations will appreciate the radical change that has been implemented for healthcare in Aruba.

Congratulations, Aruba! It is important for our country to continue advancing with innovation and transparency. An innovative and progressive vision that is in execution.”

Prime Minister Evelyn Wever-Croes:

For the 5th Year, Aruba is the Host Country for the Caribbean Energy Conference

ON Tuesday morning, Prime Minister Evelyn Wever-Croes, along with Minister of Energy Glenbert Croes, attended the Caribbean Energy Conference. The Prime Minister indicated that this year marks the 5th year that the delegation from the Netherlands and Germany organizes this energy conference in Aruba. The first time they approached the Government of Aruba was in 2017 to organize this conference every year in November, where a delegation from the Netherlands, Germany, and other countries would be present. During their stay, they would also meet with those responsible for energy to hear about Aruba's efforts in this field.

Prime Minister expressed that after 5 years of receiving this delegation, it feels like welcoming family. The delegation consists of a group of people who are very interested and enthusiastic about doing business in Aruba. For the Prime Minister, it was an honor to open this conference once again with a speech, focusing on the importance of clean energy. During her speech, the Prime Minister explained that climate change is a threat, especially for small islands like Aruba, as it has its effects on the economy, but more importantly, on the beaches, corals, and ecosystems that are of great value

to tourists, the heart of our country. Aruba's direct experiences with the effects of climate change emphasize the devastating consequences.

The government recognizes the risks of Aruba's dependence on fossil fuels and is committed to the path of energy transition. The Prime Minister indicated that the government sees energy transition as more than just infrastructure policy but as a social transformation deeply rooted in the dreams and hopes of every citizen. In alliance with the sustainable development goals of the United Nations, Aruba will adopt a holistic approach to progress. Every initiative for clean energy, every conservation effort, and every effort to reduce carbon create a path to a sustainable future.

"On behalf of the Government of Aruba, I would like to thank the Dutch/German Chamber of Commerce for believing in Aruba, in good times and in challenging times, by organizing this conference for the 5th time. Thanks also to Minister of Energy Glenbert Croes for all his effort and dedication in the field of energy. I am very proud of everything a small country like Aruba is achieving," the Prime Minister expressed.

Venezuelan Opposition Weighs Participation in Controversial Esequibo

THE Venezuelan opposition is facing a critical decision regarding its involvement in the upcoming Esequibo referendum, scheduled for December 3. This referendum, called by the government of President Nicolás Maduro, seeks public support for five questions related to Venezuela's territorial claims over a 159,000 square kilometer area known as the Esequibo, which has been a subject of dispute with Guyana.

However, the opposition has not yet revealed its stance on the referendum. "We, who defend our rights over the Esequibo, are evaluating whether this referendum serves our interests," said Omar Barboza, the coordinator general of the opposition's Unitary Platform. He added that they would express their position soon.

While the government has begun its campaign for a "yes" vote, emphasizing national unity, the opposition remains divided and uncertain about how to proceed. The timing of the referendum, just two days before the opposition's primary election, has raised concerns about the government's intentions.

The questions in the referendum aim to gauge public opinion on historical disputes related to the Esequibo, Venezuela's acknowledgment of the jurisdiction of the United Nations International Court of Justice (ICJ) on the matter, and the rejection of Guyana's unilateral claims in areas yet to be delimited. The most contentious question concerns the creation of the "Guyana Esequiba" state and the integration of the region's population into Venezuela.

Within the Venezuelan opposition, there is an ongoing debate about whether to

participate in the referendum. While they are committed to upholding sovereignty, concerns have emerged about the government's motives. Many opposition leaders argue that participating in an election process organized by the ruling party, which previously reported irregularities and invalidated the opposition's primary election, could be a strategic mistake. Some believe the government aims to divert attention from pressing issues and consolidate its power ahead of the 2024 presidential elections.

Jesús Castellanos, a political expert on Venezuelan electoral matters, points to several reasons for the opposition's resistance. Chief among them is the belief that sovereignty, explicitly enshrined in the constitution, should not be subjected to a vote. Moreover, past presidents Hugo Chávez and Nicolás Maduro are held responsible by the opposition for Guyana's territorial gains in the disputed areas. The

opposition contends that Venezuela should prioritize efforts within the International Court of Justice, which declared itself competent to rule on the age-old dispute in 2018.

The opposition also raises concerns that the referendum could serve as a diversion tactic to overshadow the resistance to María Corina Machado's candidacy in the 2024 elections, similar to the strategy employed by Argentina during the Falkland Islands conflict in 1982. This could potentially lead to a military conflict with Guyana and the suspension of the 2024 presidential elections.

The decision surrounding the Esequibo referendum is far from straightforward, and it encompasses political, security, and sovereignty issues that have far-reaching implications for Venezuela's future. As the opposition navigates this complex terrain, the path forward remains uncertain.

Congressional Outcry:

Colombia's Peace Commissioner Faces Demands for Resignation Amidst Faltering Peace Talks

MEMBERS of Colombia's Congress are calling for the resignation of Peace Commissioner Danilo Rueda, citing concerns over his management of peace negotiations with illegal armed groups. Rueda was summoned to Congress to address setbacks in the government's "Total Peace" policy, which aims to broker an end to armed conflicts involving various guerrilla and paramilitary organizations.

The demand for Rueda's resignation comes in the wake of recent events that have cast a shadow over the peace talks. The kidnapping of soccer player Luis Diaz's father by the ELN guerrilla group and the suspension of peace negotiations by the FARC dissident faction EMC have heightened tensions.

Senator Ariel Avila, one of the architects of the Total Peace initiative, expressed that alleged breaches of ceasefires by the guerrillas have triggered a crisis in the peace talks. Senator Cathy Juvinao,

typically supportive of peace talks, also called for Rueda's resignation, citing his purported mishandling of efforts to negotiate with multiple armed groups simultaneously.

Furthermore, Juvinao pointed out that despite negotiations and ceasefires, violence perpetrated by illegal armed groups participating in the Total Peace process has not abated. The number of municipalities affected by armed

conflicts has reportedly increased. In contrast, the far-right opposition is pushing for a resumption of military operations to combat illegal armed groups and enhance public security, arguing that the situation cannot continue to deteriorate.

The article highlights the escalating pressure on the Peace Commissioner and the ongoing challenges in achieving peace with multiple armed groups in Colombia.

End of an Era:

Groningen Gas Field Closes, Leaving a Legacy of Destruction and Compensation Battles

THE closure of the Groningen gas field marks the end of an era for the Netherlands, where the discovery of this resource in 1959 once fueled the nation's prosperity. However, the legacy of this gas field's exploitation has left a trail of destruction and a prolonged battle for compensation.

For decades, the Groningen gas field was a financial boon, contributing approximately 15 billion euros in annual revenue and playing a pivotal role in shaping the Dutch welfare state. Yet, prosperity came at a significant cost. Starting in the 1980s, earthquakes became a recurring nightmare for local residents, culminating in a massive quake in 2012 that served as a wake-up call.

The seismic activity forced the demolition of over 3,000 homes due to earthquake damage, and in 2015, gas production was scaled down in response to growing safety concerns. On October 1, the gas field ceased operations altogether. However, the closure doesn't mark the end of the story for thousands of affected residents. The fight for fair compensation continues, as they seek redress for the damages and disruptions caused by decades of gas extraction. This chapter serves as a stark reminder of the environmental and social costs associated with exploiting valuable natural resources.

Italian Finance Police Seize \$835 Million from Airbnb Over Alleged Tax Noncompliance

ITALY'S Finance Police is taking action against Airbnb Inc., aiming to seize approximately €779 million (\$835 million) from the company, alleging failure to pay the 21% withholding taxes on around €3.7 billion of rental revenue. According to a statement from Milan Tribunal prosecutors, three individuals who were employed by the San Francisco-based firm during this period are now under investigation.

Airbnb has countered these allegations, explaining that its European staff has been actively engaged in discussions with the Italian tax agency to address the issue since June. Airbnb spokesperson Christopher Nulty expressed the company's surprise and disappointment at the action taken by the Italian public prosecutor and asserted their commitment to full compliance with the law.

This seizure reflects a broader trend of Italian and European authorities scrutinizing the tax practices of multinational corporations. In 2019, Italian prosecutors examined Netflix Inc.'s tax compliance when the streaming company failed to file a return. Furthermore, earlier this year, Milan prosecu-

tors initiated an investigation into Meta Platforms Inc., the parent company of Facebook, for allegedly unpaid value-added taxes amounting to approximately €870 million.

This move signifies Italy's determination to ensure that global companies meet their tax obligations and adhere to local tax laws, continuing a trend of increased scrutiny on corporate tax practices.

Impact on the 2023 Season

Quarterback Woes Plague the NFL

IN any NFL season, the performance of quarterbacks is undeniably critical. However, the 2023 season is witnessing a concerning dip in quarterback play across the league, and it's leaving fans and analysts searching for answers.

The quarterback struggles became glaringly evident in a recent game featuring the New York Jets, underscoring a widespread issue. These challenges are not only impacting individual teams but also have repercussions on the league as a whole.

One of the most visible consequences of this subpar quarterback play is the decrease in scoring. As the 2023 season progresses, we're seeing fewer high-scoring games, and many attribute this to the struggles of quarterbacks on the field.

This quarterback quandary has also cast a shadow over the prospect of any standout teams this season. The NFL landscape lacks a dominant force, and the inconsistent quarterback play is largely to blame.

The impact of this quarterback conundrum goes beyond game outcomes. It's even affecting the excitement factor. Fans and pundits are finding it increasingly challenging to compile a list of the season's top five games, primarily due to the lackluster quarterback performances on display.

To underscore the issue, consider this: how many quarterbacks are exceeding expectations this season? The list is disappointingly short.

In a not-so-distant past, from 2018 to 2021, the league consistently boasted a passer rating above 90 each season, peaking at an impressive 93.6 in 2020. However, the past season saw this

rating drop to 89.1, and it currently stands at 89.3 this season, a trend likely to continue as injuries pile up and adverse weather conditions kick in.

While statistics may validate these struggles, fans who have watched games this season or, worse, hold Jets season tickets don't need numbers to confirm the underwhelming quarterback play.

The bottom tier of NFL quarterbacks has left much to be desired. Finding 32 capable starting quarterbacks is challenging enough, and the situation worsens when teams have to resort to backups. Recent examples illustrate the dire state of affairs, with quarterbacks putting up abysmal performances, sometimes managing fewer than 30 passing yards through several quarters of play.

Even elite quarterbacks are grappling with inconsistencies. Aaron Rodgers' season was derailed after just four plays, and young talents like Zach Wilson have faced considerable strug-

gles. Injuries have played a significant role, affecting key players like Deshaun Watson and Joe Burrow.

The retirement of legendary quarterbacks in recent years has exacerbated the issue, with many franchises failing to find adequate replacements. The need for reliable quarterback play is evident, especially when it comes to providing an entertaining early window of games on Sundays.

The situation has fans and analysts hoping for promising talent in the 2024 draft class and seeking better performances from this year's rookies. While there is potential in the current crop of rookie quarterbacks, it will take considerable improvement in quarterback play to elevate the NFL season's overall excitement and competitiveness.

The 2023 NFL season remains mired in quarterback woes, and as fans wait for the stars to shine on the field, the hope is that this critical position's performance will take a positive turn in the coming weeks.

Tiger Woods and Rory McIlroy's TGL Unveils Rules and Format for Indoor Golf League

TGL, the innovative indoor golf league backed by golf legends Tiger Woods and Rory McIlroy, is gearing up for its debut, and it has just unveiled its weekly gameplay structure. This exciting league features six three-man teams competing on indoor simulators in weeknight tournaments, all vying for a season-long championship.

The format for TGL revolves around a modified match play system that incorporates season-long accumulations.

Each match will comprise two sessions:

1. Nine holes of “triples” – a captivating three-on-three alternate-shot format.
2. Six holes of “singles” – one-on-one match play, with each player taking on two holes.
3. Overtime – If necessary, a closest-to-the-pin contest where the team that places two shots nearest to the pin clinches the victory.

The league will implement a hockey-style scoring system for the season-long competition. A win in regulation or overtime secures two points, an overtime loss garners one point, while a loss in regulation yields no points. As the regular season progresses, the top four teams will advance to the playoffs, featuring single-elimination semifinals and a best-of-three championship series.

The venue blends real and virtual elements, boasting a substantial 64-by-46-foot simulator screen for drives and a 97-by-50-yard playing surface, similar in size to a football field. The playing surface features real grass and sand for approaches and bunkers, while the 15-by-27-foot green incorporates undulating slopes via jacks to provide a challenge. The venue can accommodate up to 1,600 spectators.

Five out of six team franchises have already found owners in cities like Los Angeles, Atlanta, New York, Boston, and San Francisco. Notably, team ownership groups include individuals linked to NFL, MLB, NBA, and NASCAR.

The Atlanta Drive GC has selected its first player, Justin Thomas, a former University of Alabama golfer. Notable golfers like Tiger Woods, Rory McIlroy, Jon Rahm, and others will join the league. In total, TGL players boast 32 major championship victories and 223 PGA Tour wins.

TGL is set to make its debut on January 9, 2024, with the broadcast airing on ESPN, gaining extra exposure during the College Football Playoff championship and NFL wild-card playoff games. Subsequent matches will take place on Tuesday nights throughout the early months of the year, broadcast on ESPN or ESPN2, each lasting two hours.

NASCAR Diversity Controversy: Unexpected Accusations of Discrimination Against White Males

A surprising turn of events, NASCAR, the iconic motorsport organization, has found itself in the midst of an Equal Employment Opportunity Commission (EEOC) complaint. The complaint alleges that NASCAR discriminates against white males through its diversity program and its operational arm, Rev Racing. This unexpected twist in the ongoing cultural discussions highlights the unique nature of today's societal debates.

NASCAR's "Drive for Diversity" program, which was established in 2004, was designed to create opportunities for individuals who are not white males within the racing industry. The program aimed to provide diverse opportunities behind the wheel and behind the pit wall, shifting away from a predominantly white male-dominated sport.

It's safe to say that when NASCAR formulated this program, they didn't envision the possibility of facing accusations of discriminating against white males. The cultural landscape has evolved rapidly, with many unexpected topics coming to the forefront of public discourse.

The complaint against NASCAR is brought by America First Legal (AFL), a conservative group led by former members of the Trump Administration. The AFL's mission is to combat what they see as an alliance of corrupt special interests, big tech companies, the media, and liberal politicians. While their primary focus isn't explicitly on creating opportunities for diverse individuals in NASCAR, it reflects the broader diversity, equity, and inclusion (DEI) discussions permeating society.

AFL Senior Counsel, Nick Barry, specifically targets NASCAR's partnership with Rev Racing, arguing that the program benefits individuals based on their sex and race, which they consider illegal discrimination. The AFL contends that drivers should be chosen based on their driving abilities rather than their race or gender. They emphasize the wrongfulness of racial discrimination, even when it's associated with social justice causes.

NASCAR's "Drive for Diversity" program has produced notable racers like Bubba Wallace, Kyle Larson, and Daniel Suarez. While it may not have led to a flood of diverse drivers, it has significantly impacted the sport's behind-the-scenes diversity, with non-white males working in various roles throughout the racing world.

NASCAR's president, Steve Phelps, remains committed to enhancing diversity and inclusion within the sport. The organization's efforts extend beyond the racecars, as diverse individuals can be seen in roles such as pit crews, shop crews, and officiating teams. NASCAR is actively working to broaden its fan base, including moving races to more diverse locations and actively promoting inclusivity.

While NASCAR's efforts to modernize and diversify have faced criticism from some traditional fans, the organization is also mindful of the billion-dollar TV deals that come from expanding into larger markets. As society grapples with issues of diversity and inclusion, NASCAR continues to navigate its own unique path, seeking to combine its love for racing with the ever-evolving expectations of a changing world.

Chaim Bloom, Former Red Sox Chief Baseball Officer, Contemplating Future in Baseball

CHAIM Bloom, the former Chief Baseball Officer of the Boston Red Sox, is navigating the world of possibilities after parting ways with the team in September. His potential landing spots and career trajectory have become subjects of intrigue for baseball enthusiasts.

While Bloom was initially considered an “early target” for the Miami Marlins’ General Manager opening, he ultimately opted not to pursue this role. According to The Athletic’s Ken Rosenthal, Bloom’s decision was attributed to the timing not being right for his family. Bloom, who has three young children, reportedly prefers to remain in the Boston area for the foreseeable future. Despite his exit from the Red Sox, the team still owes Bloom one more year on his contract. This arrangement could

allow him to take a temporary break from full-time positions and consider his next move. However, Bloom’s expertise and experience have garnered interest from multiple MLB clubs.

According to Sean McAdam of MassLive, Bloom has been contacted by various teams to explore the possibility of serving as a consultant or advisor while maintaining his base in the Boston area. Among the organizations reaching out to Bloom, the St. Louis Cardinals are one of the notable suitors.

If Bloom joins the Cardinals, he would likely operate as a consultant to John Mozeliak, St. Louis’ President of Baseball Operations, who is under contract through 2025. Although Bloom faced criticism for his tenure in Boston, particularly regarding the acquisition of talent, he still possesses valuable insights into building strong farm systems.

His diverse experience, spanning both large-market and small-market teams, after his 15-year tenure with the Tampa Bay Rays, makes him an attractive candidate for front office consulting roles.

While it seems unlikely that Bloom will step into a General Manager position in the immediate future, it wouldn’t be surprising to see his name associated with an MLB team in 2024, possibly in the role of a consultant working closely with a General Manager.

Bloom’s impact on the baseball landscape is far from over, and his future endeavors remain a point of interest for baseball aficionados.

S&P 500 Rises for Record Seventh Consecutive Day in Unprecedented Winning Streak of 2023

A remarkable turn of events, the S&P 500 continued its unprecedented winning streak, marking a historic seven-day climb that hasn't been seen in roughly two years. Wall Street is capitalizing on November's momentum, with the S&P surging 0.4%, setting a new record.

The Dow Jones Industrial Average didn't lag behind, adding 58 points (0.2%), while the Nasdaq Composite took the lead with an impressive 1.1% surge.

Technology stocks spearheaded this surge as yields took a step back, with the 10-year Treasury note's yield declining by about 9 basis points to 4.573%. Major tech giants, including Microsoft, Apple, and Amazon, all posted substantial gains of at least 1% each. Semiconductor stocks, like Advanced Micro Devices, Broadcom, and Intel, rose by approximately 2% ahead of the impending funding rollout from the Chips Act.

Mona Mahajan, senior investment strategist at Edward Jones, attributed this growth to falling yields and speculated that the decline in oil prices might be contributing to reduced inflation concerns, bringing a sigh of relief at the gas pump.

Last week's surge appears to have ignited a new wave of momentum, with gains across the board over the past six

days showing little sign of consolidation.

In other market news, Datadog achieved an outstanding 29% increase, marking one of its best-performing days on record after surpassing quarterly expectations and providing a robust outlook. Meanwhile, Uber saw a 3% rise, even though its third-quarter earnings fell slightly short of expectations.

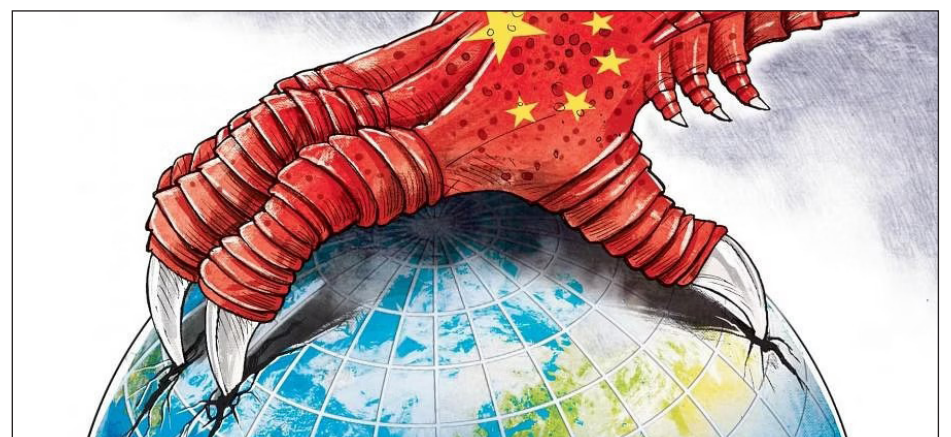

As Wall Street eagerly awaits further commentary from central bank speakers, including Federal Reserve Chair Jerome Powell, quarterly results from major players like Disney, Wynn Resorts, and Occidental Petroleum are on the horizon for this week. The month so far has seen significant gains across the board, with the Dow up 3.4% and the S&P and Nasdaq soaring by 4.5% and 6.2%, respectively.

Mounting Debt Crisis: Developing Countries Owe China Over \$1.1 Trillion as Loans Come

DEVELOPING nations are facing mounting debts to Chinese lenders, totaling a staggering \$1.1 trillion, according to a recent data analysis by AidData, a research lab at William & Mary University in Virginia. This report underscores the financial challenges many borrowers are encountering as over half of the loans China has extended over two decades are reaching maturity.

The study reveals that an alarming 80% of China's loans to developing countries are currently supporting nations grappling with financial distress. For years, China has invested heavily in infrastructure projects across these countries, chiefly through the "Belt and Road Initiative" launched by Chinese leader Xi Jinping a decade ago. These investments have spurred economic growth but have also raised concerns of irresponsible lending practices.

As the debts come due, they coincide with a challenging

financial climate marked by high interest rates, volatile local currencies, and a slowdown in global economic growth. AidData's analysis shows that 55% of China's official sector loans to developing countries have entered their repayment periods.

The loans issued during the Belt and Road period, with grace periods and debt suspension efforts during the pandemic, are now entering a phase where China is transitioning from being the world's largest official creditor to becoming a major debt collector. The scale of these debts highlights the significant financial burden many developing nations are facing in a changing economic landscape.

Spotify's Disruptive Impact:

Revolutionizing the Radio Industry

THE age of streaming services and on-demand content, traditional radio stations are facing a significant challenge. Platforms like Spotify have emerged as powerful disruptors, forcing radio stations to evolve or perish. This article explores how Spotify and similar services are reshaping the radio industry, pushing stations to adapt to changing consumer preferences.

The Rise of On-Demand Streaming:

The advent of Spotify and other music streaming platforms has forever changed how people access and consume audio content. With millions of songs at their fingertips, users can create personalized playlists, explore new genres, and enjoy uninterrupted music experiences. This level of customization and convenience is something traditional radio simply cannot match.

The Decline of Terrestrial Radio:

Terrestrial radio, once a dominant force in the media landscape, is facing declining listenership. People increasingly turn to streaming services that offer ad-free listening, extensive libraries, and algorithm-generated playlists. As a result, radio stations have seen a drop in advertising revenue and listeners.

Spotify's Data-Driven Approach:

One of Spotify's key advantages is its data-driven approach to music curation. The platform uses algorithms to analyze user preferences and behavior, creating playlists tailored to individual tastes. This level of personalization keeps users engaged and encourages them to stay within the platform, further eroding traditional radio's audience.

Podcasts and Original Content:

In addition to music, Spotify has

ventured into the podcasting realm, hosting a vast array of shows on various topics. This diversification allows users to enjoy more than just music, making the platform even more appealing. Traditional radio stations have been slow to adapt to this trend, missing out on a significant portion of the market.

Challenges for Radio Stations:

Traditional radio stations face several challenges in the wake of Spotify's ascent. They must find ways to remain relevant and engage their audiences in an era of digital transformation. Some stations have turned to streaming their content online, offering apps, or creating digital channels to keep up with changing consumer preferences.

The Need for Innovation:

To survive in the era of Spotify, radio stations must innovate. This may involve creating exclusive content, developing apps, embracing podcasting, or collaborating with streaming services. By diversifying their offerings and

adopting a more digital approach, radio stations can compete more effectively.

Embracing Hybrid Models:

Another strategy for radio stations is to adopt hybrid models that blend traditional broadcasting with digital elements. This approach allows them to maintain their core listener base while also catering to those who prefer streaming services.

Spotify's disruptive influence on the radio industry is undeniable. Radio stations that refuse to evolve will find it challenging to thrive in this new landscape. To remain competitive, stations must embrace digital innovation, adapt to changing consumer behavior, and find ways to differentiate themselves in a crowded media marketplace.

As technology continues to advance, the survival of traditional radio will depend on its ability to embrace change and meet the evolving needs of its audience.

Eva Perón:

The Enduring Legacy of Argentina's First Lady

EVA Perón, commonly known as Evita, remains a figure of great fascination and historical importance in Argentina and beyond. Born on May 7, 1919, in the rural town of Los Toldos, Eva Duarte Perón rose to become one of the most influential women in the 20th century. Her life story is one of rags to riches, determination, and a relentless commitment to improving the lives of the underprivileged.

Eva's journey to prominence began in Buenos Aires, where she arrived as a young woman with dreams of becoming an actress. She quickly established herself as a radio and film actress, capturing the hearts of the Argentine public. However, her life took a dramatic turn when she met Juan Domingo Perón, an army colonel who would later become the President of Argentina.

Eva and Juan Perón married in 1945, and she became Argentina's First Lady when he assumed the presidency in 1946. Her role as First Lady marked a turning point in her life. She used her newfound position to advocate for social justice, particularly for the working class and women.

One of Eva Perón's most enduring legacies is the creation of the Eva Perón Foundation, which focused on providing aid to the poor and underprivileged. Through this foundation, she initiated numerous programs, including building schools, hospitals, and homes for those in need. Evita's tireless efforts to improve the living conditions of Argentina's marginalized populations earned her the adoration of the working class, who saw her as a champion of their rights.

Her impact on women's rights in Argentina was equally significant. Evita

played a pivotal role in the extension of voting rights to Argentine women. In 1947, she was instrumental in pushing for the passage of the Women's Suffrage Law, which granted women the right to vote.

Despite her substantial accomplishments, Evita's time in the public eye was relatively short. She passed away tragically at the age of 33 due to cancer in 1952. Her death sent the nation into mourning, with hundreds of thousands of people lining the streets to pay their respects. Her legacy, however, has endured long after her death.

Evita's life has been the subject of

numerous books, films, and the iconic musical "Evita" by Andrew Lloyd Webber and Tim Rice. Her impact on Argentine politics and culture continues to be a subject of study and debate.

Eva Perón's life is a testament to the power of determination and compassion. She used her position as Argentina's First Lady to fight for social justice and women's rights, leaving an indelible mark on her nation's history. Her story is a compelling reminder of the potential for positive change when individuals with vision and passion dedicate themselves to making the world a better place.

Thoughts Can Be Manipulated While Preserving Autonomy

THE intricate landscape of human psychology, the art of influencing others' thoughts while making them believe it's their idea is a subtle and sometimes manipulative skill. This phenomenon highlights the delicate balance between persuasion and individual autonomy, shedding light on the ways in which our minds can be swayed without our explicit awareness. Let's delve into the fascinating world of thought manipulation.

The Subtle Power of Suggestion:

One of the most effective ways to manipulate someone's thoughts is through suggestion. By subtly planting ideas or concepts in their minds, influencers can guide their thought processes in a specific direction. This process often occurs through casual conversations, where the influencer carefully frames the discussion to lead the other person to a particular conclusion. The key here is to make the person feel like they arrived at the idea on their own, preserving their sense of autonomy.

Leveraging Cognitive Biases:

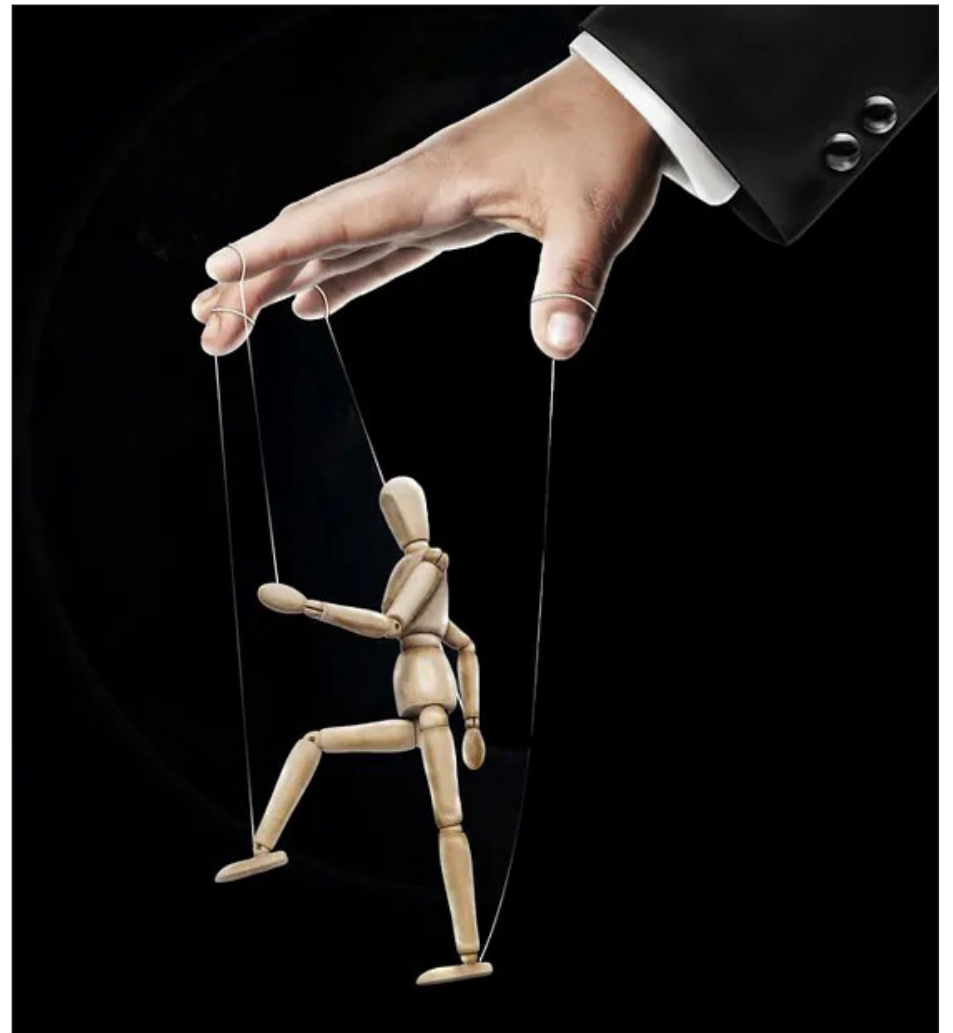

Human minds are riddled with cognitive biases – systematic patterns of deviation from norm or rationality in judgment. Influencers can exploit these biases to mold thoughts and opinions. For example, confirmation bias, the tendency to search for or interpret information in a way that confirms one's preconceptions, can be manipulated by presenting selective evidence that aligns with the desired thought.

Creating Emotional Resonance:

Emotions play a significant role in shaping thoughts. Skilled influencers can evoke emotions that make individuals more receptive to certain ideas. By telling compelling stories, appealing to personal experiences, or using emotional manipulation techniques, they can establish a strong emotional connection with their targets, making it easier to introduce and embed specific thoughts.

Framing and Contextual Manipulation:

The way information is presented and framed can drastically alter the way individuals perceive it. Through skillful framing, influencers can manipulate thoughts by emphasizing certain aspects while downplaying others. This tactic allows them to guide interpretations in line with their objectives, all while the person believes they've made an independent judgment.

Preserving Autonomy:

A crucial aspect of thought manipulation is to ensure that individuals still feel in control of their decisions. To preserve autonomy, influencers need to avoid overt coercion or making it too obvious that they are steering thoughts. Instead, they use subtle cues, persuasive techniques, and psychological tricks to gently nudge individuals in the desired direction.

The Ethical Dilemma:

The ethical implications of manipulating thoughts are significant. While persuasion and influence are common in various aspects of life, crossing the line into manipulation raises concerns about consent and personal freedom. Ethical influencers prioritize transparency, honesty, and respecting individual autonomy.

The art of manipulating someone's thoughts while allowing them to believe it's their own idea is a complex interplay of psychology, persuasion, and ethics. While it can be a potent tool in various contexts, it also raises important ethical questions about respecting individual autonomy and consent. Understanding these dynamics can help individuals be more aware of potential manipulation and make informed choices about the thoughts they adopt.

Exploring the Complex Emotion of Jealousy

JEALOUSY is an intricate and often misunderstood emotion that humans have grappled with throughout history. It's a natural response to various situations, from personal relationships to professional rivalries. In this article, we'll delve into the depths of jealousy, seeking to understand its underlying causes, its impact on individuals and relationships, and strategies for managing this complex emotion.

Understanding the Root Causes:

Jealousy typically arises from feelings of insecurity, fear, and perceived competition. Whether it's a partner's attention, career success, or material possessions, the underlying belief is that something valuable is at risk of being lost. This fear can stem from personal insecurities, past experiences, or societal pressures.

The Emotional Impact:

Jealousy can evoke intense emotions, including anxiety, anger, and sadness. It often leads to irrational thoughts and behaviors, causing further strain on relationships and personal well-being. In romantic relationships, jealousy can be particularly damaging, eroding trust and creating a cycle of insecurity.

The Destructive Cycle:

Jealousy can set off a destructive cycle where one person's jealousy triggers a reaction in the other, causing further tension and mistrust. To break this cycle, communication is essential. Open and honest conversations can help partners understand each other's feelings and work together to address underlying issues.

Strategies for Managing Jealousy:

Self-Reflection: Understanding the source of your jealousy is the first step. What insecurities or past experiences contribute to these feelings? Self-awareness is crucial for managing jealousy.

Effective Communication: In romantic relationships, discussing your feelings of jealousy with your partner can lead to a deeper understanding. A supportive partner can

help alleviate these concerns.

Set Boundaries: Clearly defining boundaries within a relationship can help both partners feel more secure. This means discussing what is acceptable behavior and what isn't.

Practice Gratitude: Focusing on what you have rather than what you lack can help alleviate jealousy. Recognizing your own accomplishments and blessings can boost self-esteem.

Seek Professional Help: In some cases, especially when jealousy becomes overwhelming or irrational, seeking therapy or counseling can provide valuable insights and coping mechanisms.

Jealousy's Silver Lining:

While jealousy is often seen as a negative emotion, it can have a silver lining. It can serve as a signal that something is amiss, either in a relationship or within oneself. Viewing jealousy as an opportunity for personal growth and self-discovery can help individuals navigate its complexities more effectively.

Jealousy is a multifaceted emotion that affects people differently. Recognizing its triggers and learning how to manage it can lead to healthier relationships and personal growth. By understanding and addressing jealousy, we can move towards a more balanced and emotionally fulfilling life.

The Celestine Prophecy” by James Redfield:

A Must-Read Journey to Higher Consciousness

HAVE you ever felt that life is more than just a series of random events? Do you believe that there is a deeper, hidden meaning to our experiences and interactions? If so, “The Celestine Prophecy” by James Redfield is a book that will not only captivate your imagination but also provide a compelling perspective on the pursuit of higher consciousness and spiritual insights.

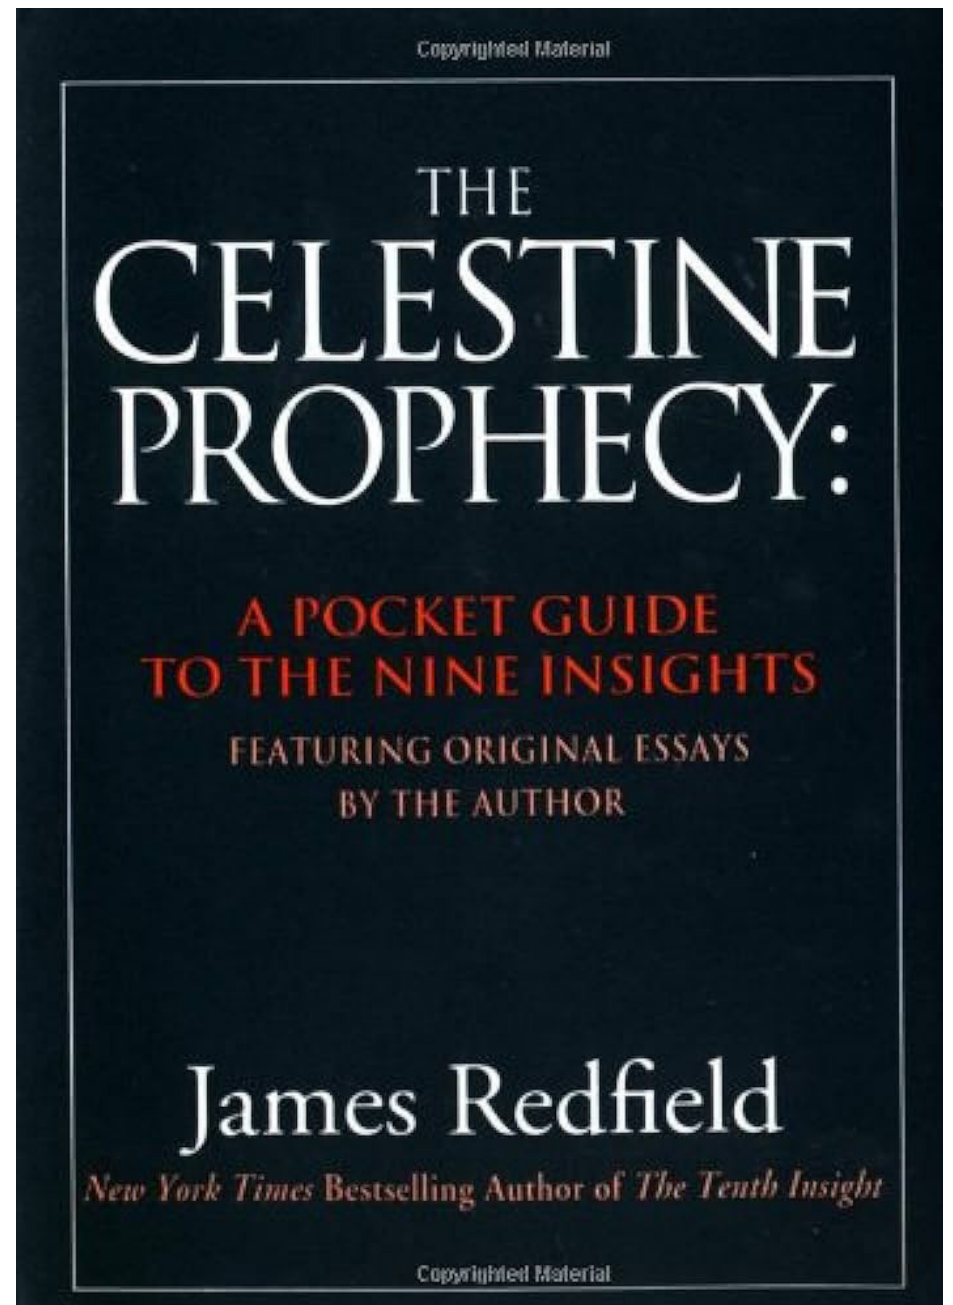

Published in 1993, “The Celestine Prophecy” quickly became a bestseller and a significant influence on the New Age movement. This engaging work of fiction is far more than just a novel; it’s a spiritual adventure that guides readers on a quest for enlightenment.

The story revolves around the protagonist, who embarks on a journey through the mystical landscapes of Peru in search of an ancient manuscript known as the “Celestine Prophecy.” This prophecy, fictional in origin but profound in its teachings, holds nine spiritual insights that promise to transform the lives of those who discover them.

One of the central themes of the book is the idea that everything happens for a reason. It suggests that there are no coincidences; instead, life’s events and encounters are part of a grand plan to lead us toward greater awareness and understanding. As the protagonist delves deeper into the Peruvian wilderness, he uncovers each of the nine insights, and in doing so, he begins to unlock the secrets of human existence.

The insights presented in “The Celestine Prophecy” touch on various aspects of life, including the importance of energy, the interconnection of all living beings, and the realization that we can shape our own destinies. They offer a profound perspective on how to attain higher consciousness and experience a more meaningful and spiritually fulfilling life.

Redfield’s storytelling weaves an intriguing narrative that keeps readers eagerly turning pages, while the insights embedded within the story encourage self-reflection and

personal growth. As the protagonist’s quest unfolds, readers are invited to consider the synchronicities in their own lives and to become more attuned to the subtleties of existence.

“The Celestine Prophecy” is not just a book; it’s a guide to embracing a new way of thinking and living. It encourages readers to view the world through a spiritual lens, where every encounter, every event, and every choice holds the potential for personal transformation.

In a world filled with distractions and the chaos of daily life, “The Celestine Prophecy” stands as a reminder that there is more to our existence than what meets the eye. It offers a blueprint for those seeking a deeper connection with the universe and a heightened awareness of the spiritual dimensions of our reality.

Whether you’re on a personal journey of self-discovery or simply intrigued by the idea of a higher purpose, “The Celestine Prophecy” is a must-read that will leave you pondering the mysteries of life and the pursuit of higher consciousness long after you’ve turned the last page.

The Cosmopolitan Cocktail:

A Timeless Icon of Urban Glamour

WHITIN the world of mixology, there exists a cocktail that transcends mere libation; it's an emblem of sophistication, an icon of urban glamor, and a symbol of chic cosmopolitan living. We're talking about none other than the illustrious Cosmopolitan cocktail.

As we delve into its history and the aura it exudes, we uncover a timeless libation that continues to captivate the palates of fashionable individuals and bring an air of elegance to cosmopolitan settings.

Origin Shrouded in Mystery:

The origins of the Cosmopolitan cocktail are veiled in mystery, with claims and theories about its birthplace and creator. Some credit the 1980s New York City scene, where bartender Toby Cecchini is said to have redefined the drink at the iconic Odeon restaurant.

His creation featured vodka, Cointreau, cranberry juice, and a twist of lemon. Others trace its roots to 1970s South Beach, crediting bartender Cheryl Cook, who concocted a version with vodka, triple sec, cranberry juice, and a lime twist. While its birthplace remains a subject of debate, its impact is indisputable.

Pop Culture and Media Sensation:

The Cosmopolitan didn't merely gain fame; it ignited a cultural phenomenon. It became the drink of choice for the stylish and the sassy, the fashionable and the fierce. Its moment of stardom reached new heights when it became the preferred libation of the fabulous foursome in the iconic TV series "Sex and the City." The Cosmopolitan was no longer just a cocktail; it became a character in its own right, embodying the elegance and allure of its cosmopolitan drinkers.

The Cosmopolitan is a work of art for the eyes and the palate. Its alluring pinkish-red hue, achieved through a fusion of cranberry juice and citrus flavors, is a visual treat.

The balance of sweet and tart, with a touch of citrus zest, offers a refreshingly delightful taste. It's a versatile drink that appeals to a wide range of palates, from those seeking a flirtatious indulgence to those yearning for a sophisticated sipping experience.

Revival of Classic Cool:

In the late 20th century, a wave of nostalgia for classic cocktails swept through the world of mixology. The Cosmopolitan emerged as a modern interpretation of a classic libation, capturing the spirit of vintage cocktails while introducing a contemporary twist. It embodied the essence of timeless coolness, echoing the spirit of urban legends and modern-day muses.

An Icon Endures:

Today, the Cosmopolitan stands as a cherished symbol of sophistication and urban chic. It's the go-to drink for those who appreciate the finer things in life and wish to encapsulate the aura of glamorous city living. Whether you're sipping it in a trendy metropolitan bar or recreating it at home, the Cosmopolitan's enduring popularity is a testament to its timelessness.

In a world of ever-evolving tastes and trends, the Cosmopolitan remains a constant, a tribute to the glamor of cosmopolitan life.

It's not just a cocktail; it's an icon, a legend, and a symbol of the chic urban spirit that continues to enchant the discerning palates of the world. Cheers to the enduring allure of the Cosmopolitan cocktail, where every sip is a celebration of the glamor that lives within us all.

The Power of Humility: A Strength, Not a Weakness

A world that often celebrates self-assuredness and assertiveness, the concept of humility may appear to be at odds with the idea of strength. However, this couldn't be further from the truth. Humility, far from being a sign of weakness, is a powerful attribute that can enhance personal growth, foster strong relationships, and open doors to new opportunities. In this article, we will explore why being humble is not a weakness but a valuable strength.

The Nature of Humility:

Humility is characterized by an honest and modest view of one's abilities and accomplishments. It's about recognizing that no one is infallible, and there's always room for improvement. A humble person doesn't boast about their successes or belittle others; instead, they approach life with a sense of reverence for the world's vast knowledge and the experiences of others.

The Strength of Humility:

Learning and Growth:

Humility and a willingness to learn go hand in hand. When we acknowledge our limitations, we become open to new ideas and experiences. This openness can lead to personal growth and the development of new skills. Humble individuals are more likely to seek knowledge, adapt to change, and evolve as individuals.

Building Relationships:

Humility is a cornerstone of healthy and constructive rela-

tionships. When we approach others with respect and a willingness to listen, we foster trust and mutual understanding. Humble individuals are more likely to resolve conflicts peacefully and collaborate effectively. Their ability to empathize and connect with others strengthens their social bonds.

Leadership:

Contrary to the stereotype of arrogant leaders, humble leaders often achieve better results. They inspire trust and loyalty in their teams, as they value the contributions of others and are not threatened by differing viewpoints. Humble leaders are more approachable and open to feedback, making them more effective in guiding their organizations.

Handling Adversity:

In the face of adversity, humility helps maintain emotional resilience. Humble individuals are better equipped to cope with setbacks and remain positive. They view challenges as opportunities to learn and grow, rather than as insurmountable obstacles.

Humility is not a sign of weakness; it is a mark of inner strength and character. Embracing humility allows individuals to learn, grow, and build strong relationships. It empowers leaders to guide with empathy and effectiveness, and it provides a sturdy foundation for handling life's challenges. By understanding that humility is a strength, not a weakness, we can all aspire to become better individuals and contribute positively to the world around us.

The Grass Isn't Always Greener:

The Perils of Seeking a Better Life

OUR pursuit of happiness and personal growth, we often find ourselves yearning for change, believing that the grass is greener on the other side. It's a common human tendency to fantasize about a brighter future, one that seems to promise a better life. But the reality is that sometimes, we leap into the unknown without fully understanding the challenges and uncertainties that await us. This article explores the concept that the grass isn't always greener and delves into the importance of thoughtful consideration before seeking change.

The Temptation of the Unknown:

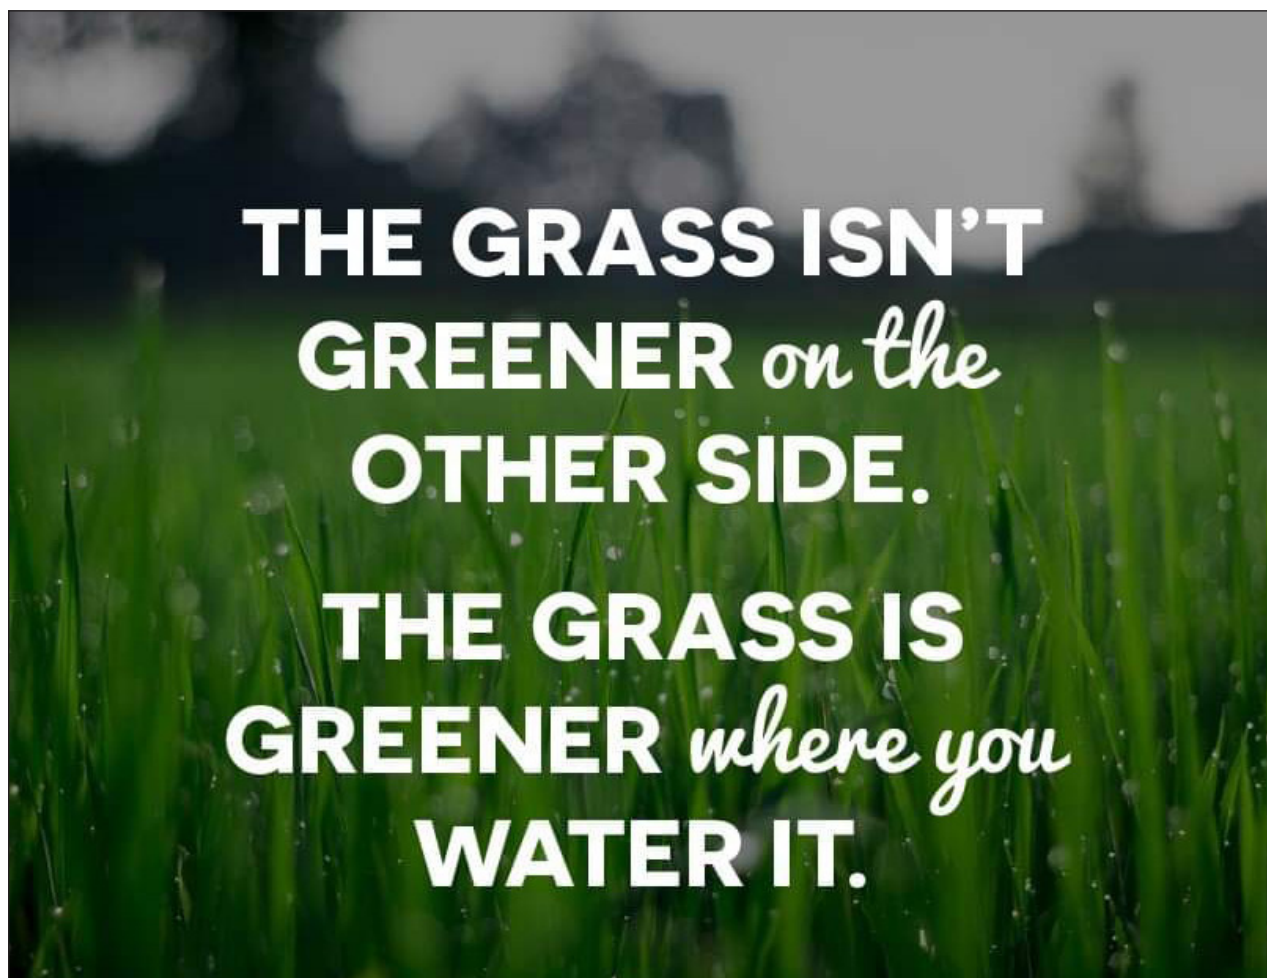

The allure of the unknown can be irresistible. We look at our current situation, filled with its complexities and struggles, and we can't help but dream of a different, more favorable reality. It's human nature to desire something better, something that seems just out of reach. This yearning often drives us to take chances and make life-altering decisions.

The Hidden Pitfalls:

However, as we journey toward the proverbial "greener grass," we may soon realize that the path is fraught with unexpected obstacles. New challenges, unfamiliar surroundings, and unanticipated hardships can shake our confidence and disrupt our idealized visions. The pursuit of a better life may reveal that the grass we left behind was not as barren as we thought.

The Nostalgia Effect:

One common phenomenon that arises when we venture into the unknown is the nostalgia effect. We tend to romanticize our past and underappreciate the comforts we once had. As we grapple with the difficulties of adapting to a new environment, we may yearn for

GREENER *on the*
OTHER SIDE.

GREENER *where you*
WATER IT.

the familiar, even if it had its own set of issues.

Uncertainty and Anxiety:

Uncertainty can be a harsh reality check. When we leave our comfort zones, we often face ambiguity about what the future holds. The anxiety that accompanies such uncertainty can be overwhelming. Doubts and second-guessing can cloud our judgment and hinder our ability to adapt.

The Importance of Reflection:

Before embarking on a quest for a better life, it's crucial to engage in deep reflection. We must assess our current situation objectively and ask ourselves why we yearn for change. Are the perceived benefits worth the potential risks and uncertainties? By thoroughly understanding our motivations, we can make more informed decisions and be better prepared for what lies ahead.

Finding Contentment Within:

In our quest for improvement, we should

not overlook the value of contentment in the present. True contentment is not necessarily about seeking external change; it often starts from within. Learning to appreciate the small victories, finding joy in everyday moments, and cultivating gratitude for what we have can contribute significantly to our overall happiness.

While it's natural to desire a better life and believe that the grass is greener elsewhere, it's essential to recognize that our current situation often holds hidden value. The unknown is not always the utopia we envision, and change can be fraught with unexpected challenges. It's a wise approach to balance our desire for growth and improvement with an appreciation for what we already have. Through self-reflection and a deeper understanding of our motivations, we can make choices that lead to personal growth and happiness, whether in our current circumstances or on the other side of the fence.

From Workwear to Runway:

A Deep Dive into Denim Fashion Trends and Iconic Brands

DENIM has been a fundamental element of fashion for generations, shaping the way we dress and express ourselves. Over the years, it has evolved from humble workwear to a versatile and iconic fabric that reflects the ever-changing world of fashion. Let's delve into the journey of denim fashion trends and explore some of the most iconic denim brands like Levi's, Wrangler, and Lee.

Denim Fashion Trends Over the Years:

Denim fashion has witnessed a remarkable transformation since its inception in the 19th century. Initially designed for durability in workwear, it soon transcended its practical origins and became a symbol of rebellion and individuality in the 1950s. The '50s saw the rise of denim-clad icons like James Dean and Marlon Brando, making denim a symbol of youthful rebellion.

In the '60s and '70s, denim embraced the counterculture movement. Bell-bottoms, denim jackets adorned with patches and embroidery, and the rise of denim mini-skirts marked this era. The '80s brought acid wash jeans and the dawn of designer denim, while the '90s saw baggy and distressed styles.

The early 2000s saw a resurgence of skinny jeans, and in recent years, the denim world has welcomed high-waisted, wide-legged, and vintage-inspired cuts. Denim, once limited to blue, has expanded to include a spectrum of colors, washes, and finishes, reflecting the diversity of modern fashion.

Iconic Denim Brands: Levi's, Wrangler, and Lee:

Levi's: Levi Strauss & Co., founded in 1853, is a pioneer in the denim industry. Levi's introduced the first pair of blue jeans in 1873, known as the Levi's 501. This classic design, with its button fly and riveted pockets, remains a timeless favorite. Levi's has consistently adapted to changing trends while preserving its heritage, making it a symbol of American fashion.

Wrangler: Established in 1904, Wrangler has a rich history of outfitting cowboys and rodeo stars. Known for its durable and rugged jeans, Wrangler has retained its reputation for quality and authenticity. The iconic "Wrangler" label on the back pocket is instantly recognizable.

Lee: Founded in 1889, Lee has been a significant player in the denim market. Lee's introduction of the zipper fly revolutionized denim fashion. The Lee Rider jeans, with their distinctive "Lazy S" back pocket stitching, have remained a staple for those seeking classic American denim style.

Denim has continuously evolved, adapting to the ever-changing landscape of fashion while maintaining its iconic status. Brands like Levi's, Wrangler, and Lee have played pivotal roles in shaping the history and culture of denim fashion.

As we move into the future, one thing is certain – denim will continue to be an enduring and beloved fabric in the world of fashion, perpetually embracing new trends while preserving its rich heritage.

A Balanced Perspective

The Impact of Dressing with Exquisite Taste

TODAY'S diverse society, personal style holds great significance, serving as a tool for self-expression. Some women choose to dress in a way that they find beautiful and refined, reflecting their unique taste. This choice influences both how they see themselves and how others perceive them. Let's explore this phenomenon from two different angles.

Empowerment and Confidence:

For many women, dressing in a way that aligns with their exquisite taste boosts their confidence and sense of empowerment. Selecting outfits that they consider beautiful and sophisticated instills a sense of self-worth and pride. When others appreciate their well-thought-out ensembles, it further enhances their confidence and self-esteem.

From this perspective, dressing with Impeccable Style is not about seeking attention but about embracing self-expression. Women who take care in their appearance often feel more in control of their image and project self-assuredness, which can be positively received by others. The attention they receive acknowledges their confidence and style efforts.

Misunderstandings and Objectification:

On the flip side, some may perceive women who dress with Refined Elegance as seeking undue attention. Misunderstandings can arise when the motivations behind this choice of attire are unclear. In some cases, observers might mistakenly associate dressing well with a desire for superficial attention or judge individuals based on their appearance.

It's important to recognize that judgments and misunderstandings can result from preconceived notions or societal expectations. The attention received may not always align with the wearer's intentions, potentially leading to discomfort and frustration.

Finding Balance:

The impact of dressing with exquisite taste varies based on individual perspectives. Empowerment can coexist with misunderstandings. To strike a balance, effective communication and mutual respect are essential. It's crucial for individuals to embrace their unique self-expression while fostering understanding and respecting the choices of others.

Society should aim to move away from quick judgments based on appearances and instead recognize that dressing with Supreme Panache is a valid form of self-expression and confidence-building. By promoting open-mindedness and respect for individual choices, we can create an environment where dressing with Fine Taste is celebrated as a personal and empowering choice.

Dressing with exquisite taste goes beyond fashion; it's an expression of identity and self-confidence. The perspectives on this choice vary, shaped by individual experiences and societal norms.

By acknowledging both sides of this phenomenon, we can encourage a more respectful and empathetic society where each person's unique self-expression is celebrated.
